Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046

SUBJECT: Change of ID

To Whom It May Concern:

This letter grants authorization for representative of Neurosity, Inc to apply to the FCC for a change in identification as specified under 47CFR section 2.933 of the FCC rules.

The original certification FCC ID: TFB-1004 will remain valid.

This authorization applies to the Laird Connectivity LLC model Sterling-LWB5, FCC ID: TFB-1004. The original grant date was 6/21/2017.

Neurosity, Inc will be marketing the Sterling-LWB5 module as a module under a new FCC Identifier. Neurosity Inc grantee code is 2BBAV and proposes that it be issued FCC Identifier 2BBAV-NRT1001 for the module.

Laird Connectivity has no control or responsibility with regards to the installation and use of the 2BBAV-NRT1001 module in the products outlined by Neurosity Inc. As a result, Neurosity Inc takes ownership and responsibility for compliance of their products which include the NRT-1001 module.

The original test results, technical information and relevant documents continue to be representative of and applicable to the changed equipment. Any confidential information regarding the TFB-1004 module shared to various test and certification firms shall remain confidential amongst the parties involved and not be shared to other third parties (including Neurosity Inc) unless authorized.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brian E. Petted", is shown over a light gray background.
