RE: Class II Permissive Change

Date: August 2, 2023

To Whom it May Concern:

This letter grants authorization for representatives of Neuroosity, Inc., to apply for a Class II Permissive Change as specified under 47 CFR FCC Part 2.1043 of the Code of Federal Regulations.

This authorization applies to Neuroosity module NRT-1001, FCC ID: 2BBAV-NRT1001, approved on August 2, 2023 which has further modification of:

1. This application is to add a specific design implementation, which uses the module in a portable application and as a result we are adding SAR data for this specific case. The host application is described as the Crown.

This change should not affect the original FCC grant. No changes have been made to any radio characteristics, including the power settings and tune up procedure from the original filing.

Sincerely,
