Packing List

After unpacking, please check whether the main unit is in good condition and that all accessories are included.

Main Unit x1
Bracket x1
User Manual x1
Power Cable x1
Installation Kit x1

User Guide

1) Power up the device

1. Plug the power cord into the power connector of the device to power up the device, it indicates that the camera is powered on when the indicator light on the front turns on, or the LEDs flash, or the speaker beeps.

2. Make sure your phone is connected to 2.4GHz Wi-Fi network.

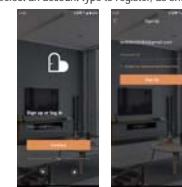

3. Please ensure that the camera is successfully added to the App before installing it on the wall.

2) APP Download and Registration

1. You can search for 'Facea' in the App Store, Google Play Store and other available application markets, or simply scan the QR code below to download the APP.

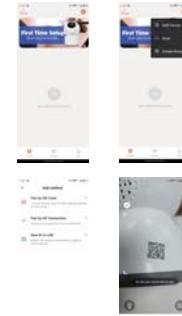

2. Open the 'Facea' APP, tap the 'Free Registration' icon, and select an account type to register, as shown in the figure,

Due to upgrades and updates of the APP, the actual operation steps may be slightly different from the guide described in the manual. Please follow the instructions in the APP for registration.

3) Device Adding Process

Complete the network configuration of the camera following the tips of the Facea APP. Log in with an account, click the 'Add device' or '+' icon; scan the QR code on the device (4G devices can be added after scanning the code), as shown in the figure.

4) Device Network Configuration

1. Enter the password of the WiFi that the phone is connected to.

2. Scan the QR code generated by the APP using camera lens, tap 'Next' when 'ding-dong' was heard, and wait for the configuration to complete.

<p>5) Camera Installation Method</p> <p>1.Surface mounted 2.Ceiling mounted 3.Wall mounted</p> 	<p>Notes</p> <p> To prevent fire or electric shock accidents, please do not place this product in a humid or rainy place, and please follow the instructions for operation or maintenance.</p> <p> Users should be careful when seeing accessories with Dangerous Voltage, because this accessory may cause serious voltage accidents.</p> <p>Warning</p> <p>To reduce the risk of electric shock, non-professionals should not open the front or back cover of the machine.</p> <p>Notice</p> <p>To avoid risk of electric shock or fire, do not use power sources beyond the range listed in this manual.</p> <p>To protect your rights and interests, please read this manual carefully before installing and using this product.
