M-10

耳环式数显蓝牙耳机

说 明 书

⚠ **注意：**

为了您的耳机使用寿命,请使用1A或1A以下充电器充电，不能用车充、充电宝或2A快充为耳机充电。

☐ 支持来电报号　　☐ 可单可双

蓝牙配对：

1、连接：按住开机键4秒,即可看到蓝灯闪烁，此时打开手机蓝牙即可搜索"M-10"点击连接,也可支持其它蓝牙设备连接。连接成功后即可听音乐或拨打电话。

语言切换：

开后未连接手机时，四击开机键可切换中/英文提示音。

语音助手：

长按开机键2秒，听到"滴"一声后松手，可唤醒语言助手。

按键功能：

(单耳）长按4秒开机/5秒关机。按一下接听/暂停，按两下，下一曲；按三下，上一曲。

01

(双耳）取消双耳配对方法：连接手机时，五击断开与手机的连接，并且取消双耳间的配对，复原到出厂设置状态。

数字显示电量：

显示屏数字显示为1至9，满电时为9更加直观方便易观察，连接后按开机键1秒后松手，显示屏便显示耳机存电数字，观看数字时注意区分上下方向，充电口为下方，喇叭为上方。

双耳配对操作

两个耳机同时开机，听到"配对中"提示音后，快速双击其中一个耳机的开机键，3秒后自动配对成双耳。点击"M-10"连接配对成功。

注意：要购买两个耳机才有这个功能。

M-10

Earring type digital display Wireless earphones

Manual

⚠ **Note：**

For the service life of your earphones, please use a 1A or less charger to charge them. You cannot use a car charger, a power bank, or a 2A fast charger to charge the earphones.

☐ Support caller ID　　☐ Single or double

Wireless pairing:

1. Connection: press and hold the power on button for 4 seconds to see the blue light flashing. At this time, turn on the Wireless of the mobile phone to search for "m-10" and click to connect. It can also support the connection of other Wireless devices. After successful connection, you can listen to music or make calls.

Language switch:

When the phone is not connected after powering on, four clicks of the power-on button can switch between Chinese and English alert tones.

Voice assistant:

Press and hold the power on button for 2 seconds, and then let go after hearing the "drop" sound to wake up the language assistant.

Key functions:

(single ear) press and hold for 4 seconds to turn on / 5 seconds to turn off. Press answer / pause once, and press twice for the next song; Press three times to go to the previous song.

01

(binaural) cancel binaural pairing method: when connecting the mobile phone, five clicks to disconnect the connection with the mobile phone, cancel the pairing between binaries, and restore to the factory set state.

Digital display power:

The digital display of the display screen is 1 to 9, and it is 9 when fully charged, which is more intuitive and easy to observe. After connecting, press the start button for 1 second, and then let go. The display screen will display the power storage number of the headset. When viewing the number, pay attention to distinguish the up and down directions. The charging port is below, and the horn is above.

Binaural TWS pairing operation

Two headphones are turned on at the same time. After hearing the "pairing" prompt tone, quickly double-click the power on button of one headphone, and it will automatically pair into a binaural after 3 seconds. Click "m-10" to connect and pair successfully.

Note: this function is available only when you purchase two headphones.
