

FCC Requirement

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To connect to iPhone with the latest version of iOS, follow steps 1-2. For all other devices, see the last pane on this side.

若要连接运行最新版本iOS的iPhone，请按照步骤1-2操作。若要连接其他设备，请查看本页面最后一部分。

若要连接运行最新版本iOS的iPhone，请按照步骤1和2操作。其他设备请参见本页面最后一部分。

작은 버전의 iOS가 설치된 iPhone에 연결하려면 다음 1-2단계를 따르십시오. 다른 기기들 중 어느 기기에 연결 하려면 본 페이지를 참조하십시오.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
