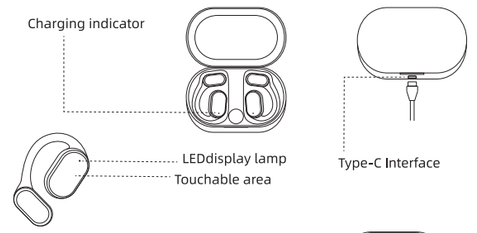
Type-c Charging Cable

Product introduction



Power on pairing

Open the cover of the charging compartment and take out the headset. When the white LED indicator flashes, the headset will enter automatic pairing mode.

蓝牙配对

⊙ 开盖

揭开充电仓盖子，把耳机取出

在耳机开机状态下

确保手机蓝牙打开，设备名
搜索XG33进行配对

配对成功

⊙ 关盖

充电仓自动为耳机充电
耳机进入关机状态

首次需打开手机界面手动搜索连接，之后每次打开充电仓
拿出耳机，耳机都将自动与设备配对连接。

Bluetooth pairing

⊙ Uncovering

Open the charging compart-
ment and take out the headset

When the headset
is turned on

Mobile Bluetooth is turned
on, and the device name is
searched for XG33 for pairing

Pairing succeeded

⊙ Close the lid

The charging chamber automatic-
ally charges the headset, and the
headset is turned off

For the first time, you need to open the mobile phone interface to manually search for connections. After that, each time you open the charging bin and take out the headset, the headset will automatically pair and connect with the device.

4. Product damage caused by unexpected factors or human activities, such as unqualified input voltage, high temperature, water ingress, damage, serious oxidation or rust of the product, etc.

matters needing attention

- Long time use of earphones may cause hearing damage, please arrange your time reasonably
- Do not use unqualified chargers and high voltage current charging
- Do not throw to avoid product damage due to falling
- Do not disassemble, repair or modify this product by yourself
- Do not use chemical solvents to wipe this product

FCC Requirement

changes or modifications not expressly approved by the party responsible for compliance could void the user’ s authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

– Reorient or relocate the receiving antenna.

– Increase the separation between the equipment and receiver.

– Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

– Consult the dealer or an experienced radio/TV technician for help.
