

Mission

FitSkin® is democratizing beauty by enabling lab-grade skin and hair analysis for anyone with a smartphone.

Quick Start

Connect SkinScanner® USB to an approved charger.

SkinScanner lights will stop blinking when battery is full.

Quick Start

Remove the clear protective sticker from the front of the SkinScanner.

Wipe the iPhone camera lens.
(Currently iPhones supported:
iPhone 6s to iPhone 13)

Quick Start

Make full contact with the skin, only in the zone indicated in the app.

Keep SkinScanner still until a vibration is felt.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
