

VUSE PRO USER GUIDE

DRAFT

vuse.com/faqs

Safety Information

This is a tobacco product. No tobacco product is safe or without risk. Visit vuse.com/faqs for important product information before use.

Who is Vuse Pro for?

1. Vuse Pro is for **adult** tobacco consumers of legal age. Underage sale prohibited.

What should I be **careful** of when using Vuse pods?

1. Keep **pods out of reach** of children and pets due to risk of nicotine poisoning and choking.
2. Do not use **pods** if they show signs of damage or tampering.
3. Do not tamper with or open **pods**.
4. Do not drink the Vuse pod liquid. If ingested, seek prompt medical attention.
5. Avoid **pod liquid contact** with eyes, skin, or clothing. In case of contact, rinse affected areas immediately and seek prompt medical advice.
6. Take care when using **pods** as they may leak.

Safety Information

What should I be careful of when storing or using the Vuse Pro device?

1. Keep out of reach of children and pets, even when locked.
2. Only for use with Vuse pods and Vuse Pro charging cables and accessories.
3. Do not use the Vuse Pro device or its charging cable if they show signs of damage or tampering.
4. Do not use the Vuse Pro device if it is wet, damaged, malfunctioning, or feels unusually warm. If this occurs, please contact the Customer Care Team at 1-877-614-VUSE.
5. Electromagnetic fields emitted by the Vuse Pro device and the paired Vuse Pro app may interfere with pacemakers, defibrillators, hearing aids, and/or other medical devices if used within a close distance. Consult your physician and medical device manufacturer for information specific to your medical device.

Safety Information

Vuse Pro contains a non-replaceable rechargeable lithium-ion battery.

1. Do not store the Vuse Pro device in direct sunlight or in a hot vehicle. Do not expose the Vuse Pro device to heat or fire.
2. Do not attempt to replace the battery in the Vuse Pro device.
3. Do not attempt to repair the Vuse Pro device or its charging cable.
4. Intended Storing/Operating Temperature:

14°F to 113°F

5. Intended Charging Temperature:

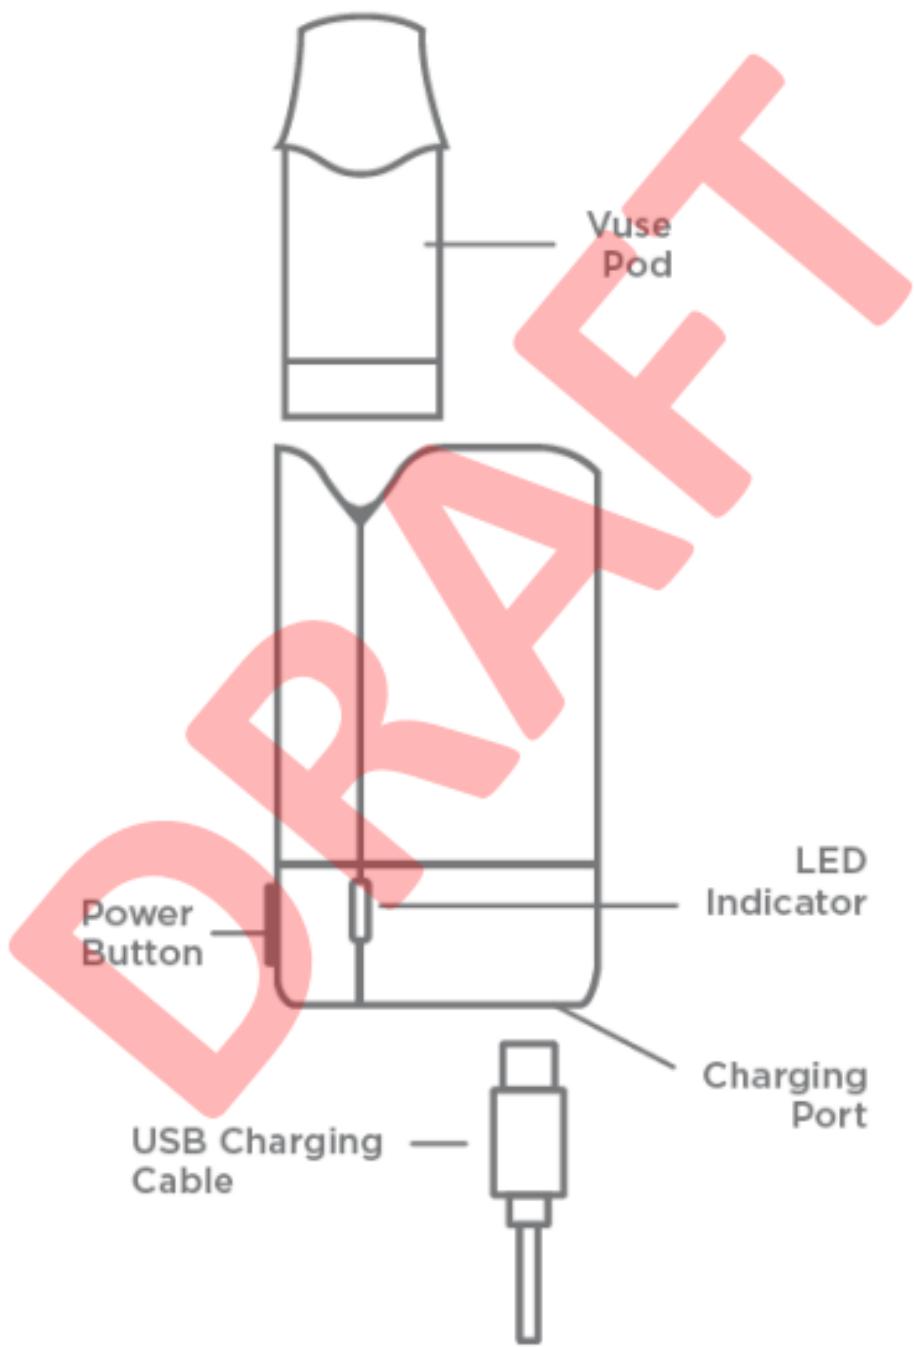

32°F to 113°F

What should I be careful of when charging the Vuse Pro device?

1. Do not leave the Vuse Pro device unattended while it is charging.
2. Follow the safety information for the charging plug (AC/DC adapter) that you are using with the Vuse Pro charging cable.

Know Your Vuse Pro

Activating Your Vuse Pro

Vuse Pro requires age verification and device activation via Bluetooth® before use.

This is intended to help prevent underage usage.

FOLLOW THESE STEPS:

1. Scan the QR code.

2. Download the Vuse Pro App.
3. The Vuse Pro App will guide you through the remaining steps to verify your age and pair your device.
4. Enjoy using Vuse Pro.

Or visit this link:

vuse.com/vusepro

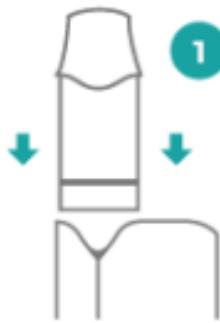

Minimum system requirements:

Android 8.0 or later.

iOS 15.0 or later.

Quick Start

After successful **age verification** and **device activation**, unlock your Vuse Pro using the Vuse Pro app, insert a pod and begin vaping.

- 1 Insert your pod into your Vuse Pro device.

- 2 Simply puff to start your vaping experience.

Tip: Fully charge your Vuse Pro before first use.

Locking/Unlocking Your Vuse Pro

You can lock and unlock your device using the Vuse Pro app.

The following light colors will show for 1.5 seconds to tell you whether the device is locked or unlocked:

**Solid Red
Locked**

**Solid Green
Unlocked**

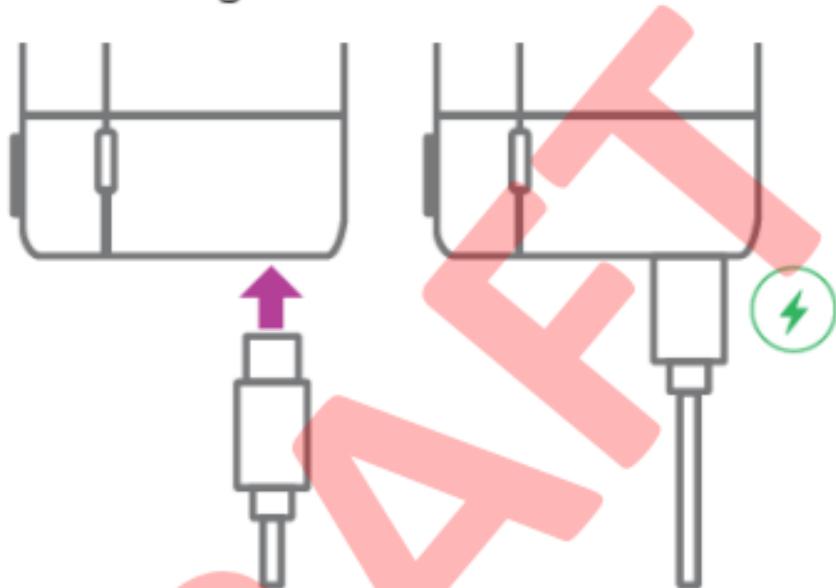

Keep out of reach of children and pets, even when locked.

Turning Your Vuse Pro ON and OFF

To power your device ON and OFF press the button 3 times in 2 seconds. Please note that doing so is different than locking and unlocking. The device will not produce vapor nor show any LED indications while in OFF state.

How to Charge Your Vuse Pro

A full charge should take **50 minutes**.

Your LED indicator will show different battery levels when charging.

Flashing Red
<10%

Solid Red
10% - 80%

Solid Green
>80%

- When the LED disappears, Vuse Pro is fully charged. Disconnect the charging cable.
- Vuse Pro will automatically stop charging after 3 hours.

Charge Level Indicators

Your LED and haptics will indicate battery level during and after puff.

During Puff:

Solid White

After Puff:

The following light colors will show for 2 seconds depending on the battery charge status:

Solid Green
100 - 30%

Solid Amber
Short Buzz @30%
30 - 10%

Solid Red
Short Buzz @10%
<10%

Additional Indications

Your device will flash blue and buzz twice if you puff in a locked state.

Your device will display the following red indicator if any of these occur:

- Device was unable to reach full charge within 3 hours.
- Device has overheated.
- Device was puffed for longer than 5 seconds.
- Issue occurred while charging or vaping.
- If the device is puffed prior to successful Age Verification.

Flashing Red

Important Product Information

- Vuse Pro is IPX4 rated, making it splash resistant to water.
 - If water droplets get on Vuse Pro, gently dry it with a piece of cloth.
 - If Vuse Pro becomes fully wet or immersed in water, do not use. If this occurs, please contact the Customer Care Team at 1-877-614-VUSE.
- Be aware of the risk of device terminals being short-circuited by a foreign object. The device has an overvoltage, overcurrent, and a short-circuit protection function.
- When puffed, if a short circuit is detected, the LED will flash red 3 times and the device will cut the power to the pod and the vapor production will stop.

Important Product Information

- Rated input for charging cable: 5VDC, 2.0A.
- This product should only be connected to a safety extra-low voltage (SELV) circuit rated at 5VDC, 1.1A. Using an AC adaptor with a current output lower than this will result in a slower charge time.
- This product is not intended for use by persons with reduced sensory, physical, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the product by a person responsible for their safety.
- The device has a reset function. To reset the device navigate to "Reset Pro Device to Factory Settings" in the Vuse Pro App.
- If you have any questions about the use of your Vuse Pro or any other Vuse products, please contact the Vuse Customer Care Team at:

1-877-614-VUSE

Vuse Pro App Features

THE VUSE PRO APP IS REQUIRED TO START USING YOUR VUSE PRO DEVICE. KEEP YOUR DEVICE CONNECTED TO THE APP VIA BLUETOOTH® TO ACCESS ALL VUSE PRO FEATURES.

Age Verification

A security feature that helps prevent underage usage.

Device Lock

The Vuse Pro App gives you options to lock your device so no one but you has access.

1. Manual Lock: Allows you to lock and unlock your device with a swipe on the home screen.

2. Auto-Lock: Allows you to set a countdown timer that will automatically lock your device. The timer starts once your device goes out of Bluetooth® range.

Vuse Pro App Features

Find my vape

Battery Recharge

Reminders

Set the battery level you want to be alerted at so your device can always stay charged.

Regulatory Compliance Information

FCC Compliance Statement

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

Regulatory Compliance Information

If this equipment does cause harmful interference to radio or television reception, which is found by turning the equipment on and off, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Visit vuse.com/faqs for additional product information prior to use.
