# PACKAGE CONTENTS

Smart Band × 1 Charging cable × 1

Quick start guide × 1

## **ABOUT THE BAND**

- 1) Press and hold the power button to turn on the band. If the band cannot be turned on, please charge it and then try again.
- 2) When using the band for the first time, connect it to the charging cable to turn it on.

# PAIRING THE BAND

anyloop is a must-have app for this band. It provides scientific sleep and workout guidance and personalized health services to help you start a healthy lifestyle.

- 1. Use your mobile phone to scan the QR code on the right side to download and install the app, or search for the app in the Google Play Store or Apple App Store and then download and install the the latest version of the app.
- 2. Open the app, register an account and log in.
- 3. Pair the band as prompted by the app.

- 1) For better user experience, please use the most recent version of the app.
- 2) The operating system needs to be Android 5.0, iOS 9.0, or
- 3) Do not pair the band directly using your mobile phone's Bluetooth. Follow the steps in the app to pair your band correctly.

## CHARGING THE BAND

- 1. Connect the band's charging cable to a power adapter or a computer's USB port.
- 2. Tightly align the charging port with the charging contacts on the rear of the band.
- 3. When charging starts, the band screen displays the charging progress.

Use the charging cable provided with the band, and ensure that the charging port is dry before charging.

## DISASSEMBLING THE BAND STRAP

Please refer to the illustrations to disassemble or assemble the band strap.

Once the strap is assembled, pull the strap properly to ensure it is installed successfully.

## WEARING THE BAND

- 1. Wear the band strap neither too tight nor too loose, and leave enough space for the skin to breathe. This makes you feel comfortable and allows the sensor to function.
- 2. When measuring blood oxygen saturation, wear the band correctly. Avoid wearing the band on the wrist joint, keep fitting between the band and the skin of your wrist, and keep your arm still throughout the measurement process. When affected by external factors (arm sag, arm sway, arm hair, tattoo, etc.), the measurement result may be inaccurate or the measurement may fail and provide no output.
- 3. We recommend that you tighten the band strap during workout and loosen it afterwards.

## BASIC PARAMETERS

Product Name	Smart Band	
Product Model	ALB1	
Input	5V 0.2A	
Battery	160mAh	
Water Resistance Rating	IP68	

# DISPOSAL AND RECYCLING INFORMATION

All products bearing this symbol are waste electrical and electronic equipment which comply with the Reduction of Hazardous Substances in the e-waste (Management) Rules, and should not be mixed with unsorted household waste. Instead, you should protect human health and the environment by handing over your waste equipment to a designated collection point for the recycling of waste electrical and electronic equipment, appointed by the government or local authorities. Correct disposal and recycling will help prevent potential negative consequences to the environment and human health. Please contact the retailer or local authorities for more information about the ion as well as terms and conditions of such collection

# BATTERY SAFETY

- This device is equipped with a built-in battery that cannot be removed or replaced. Do not disassemble or modify the battery by yourself.
- 2. Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion
- Leaving a battery in an extremely high temperature surrounding environment can result in an explosion or the leakage of flammable liquid or gas.
- 4. A battery subjected to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas.

# SAFETY NOTICE

- 1. Do not allow children or pets to bite or swallow the product or its accessories, as this may cause injury.
- 2. Do not place this product under excessively high or low nperatures, which may cause the product to catch fire or
- 3. Do not place this product near heat sources or open flame, such as ovens and electric heaters.
- 4. Some people may experience allergic skin reactions to plastics, leathers, fibers, and other materials, and symptoms such as redness, swelling, and inflammation will occur after long-term contact with this product's components. If you experience such symptoms, please discontinue use and consult your doctor.
