

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1****EUT Housing and
Board View 2**

EUT Housing and Board View 3	 A photograph showing the EUT housing and board from a top-down perspective. The green printed circuit board (PCB) is placed next to a black plastic housing. A silver coin is used as a scale reference. A black L-shaped ruler with white markings in millimeters is positioned around the components. The background is a light blue textured surface.
Solder Board-Component View 1	 A photograph showing the solder board-component from a top-down perspective. The green PCB is placed on a black L-shaped ruler with white markings in millimeters. A silver coin is used as a scale reference. The background is a light blue textured surface.

Solder Board-Component View 2	 A photograph showing a small green printed circuit board (PCB) component with a central gold-colored circular pad. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component positioned between the 10mm and 20mm marks.
Antenna View	BT Ant.  A photograph showing the underside of the green PCB component. It features a large circular white area on the left, a central gold-colored pad, and various electronic components including a small black chip and a silver cylindrical component. A red rectangular box highlights a specific area on the right side of the board, and a red line points from the label 'BT Ant.' to this box. A black ruler with white markings is visible at the bottom of the image.
