A black rectangular LoRaWAN module, labeled 'bluebot MAX' and 'LoRaWAN', is shown next to a ruler for scale. The module has a gold SMA connector on the right and a silver pin on the left. A label on the front provides technical specifications: Model: E20-0P-WAN, Input: 3.3V, Output: 3.3V, Power: 1W, and FCC ID: 2A8T4. The module is placed on a blue surface.

A black, rectangular electronic device is shown on a blue surface. The device has two white rectangular components mounted on top and a gold-colored connector at the bottom. A ruler is placed next to it for scale, indicating the device is approximately 10 cm long.
