⚠ WARNING: This product can expose you to chemicals including Di (2-ethylhexyl) phthalate, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

FCC ID: 2BCDA-ASCKARA

FCC Caution:
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment complies with FCC radiation exposure limits set forth for uncontrolled environment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WIRELESS KARAOKE

1. Make sure the unit's battery is charged. Use the ON/OFF button to power the device.

2. Wireless connection: enable Bluetooth from your mobile device, locate the microphone's pairing name: MVMT_SP3592 and connect to the microphone. A prompt tone will notify you of a successful connection.

3. Play your song selection from your device. To adjust your sound, try using the Mic volume / Reverb depth sliders to find suitable levels for your performance.

4. Start singing Karaoke!

RECORDING WITH MOBILE DEVICE

1. Charge the microphone and connect it with your smartphone or other Bluetooth compatible device using the steps described above.

2. Open any karaoke software or app on your mobile device, select your favorite song and record your performance. Recording steps vary in different karaoke apps, so be sure to check the app's own instructions.

3. Save your song, and play it again!
