A photograph of a small, black, cylindrical electronic component, likely a microcontroller or sensor module, resting on a light blue surface. The component has a white label with printed text and handwritten markings. The printed text includes "FOR LINE IN C3", "F1 120MS 9 F", "SUNN", "KODAK", "EVL", "TODAY", "SCX ETL 121W", and "FREEMAN, JOK". Handwritten in blue ink are "C473" and "CE". To the right of the component is a long ruler with markings from 0 to 100 mm. Below the component is another ruler showing markings from 10 to 100 mm.

A small black cylindrical component, labeled 'BLEDIAL2', is shown next to a ruler for scale. The component has a blue band and a white label with handwritten text and a circular logo. The ruler indicates the component is approximately 25 mm in diameter and 15 mm in height.
