

FCC Warning Statement

Changes or modifications not expressly approved by the party

responsible for compliance could void the user's authority to operate the

equipment. This equipment has been tested and found to comply with the

limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against

harmful interference in a residential installation. This equipment

generates uses and can radiate radio frequency energy and, if not

installed and used in accordance with the instructions, may cause harmful

interference to radio communications. However, there is no guarantee

that interference will not occur in a particular installation. If this equipment

does cause harmful interference to radio or television reception, which

can be determined by turning the equipment off and on, the user is

encouraged to try to correct the interference by one or more of the

following measures:

- - Reorient or relocate the receiving antenna.

- - Increase the separation between the equipment and receiver.

- - Connect the equipment into an outlet on a circuit different from that

to which the receiver is connected.

- - Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure

requirement. The device can be used in portable exposure condition

without restriction.

This device complies with Part 15 of the FCC Rules. Operation is subject

to the following two conditions:

(1)This device may not cause harmful interference, and

(2)This device must accept any interference received, including

interference that may cause undesired operation.
