

How to Connect

Work mode

2.4G mode

BT mode

Parameter

Physical specification

| | |
|-----------------------------|-------------------|
| Connection: wired+2.4G+BT | Standard: 87keys |
| Cable length: 1.8 meters | Size:364*136*41mm |
| Switch: ≥ 50millions clicks | Weight: 740±10g |

Electrical specification

| | |
|---|-------------------------|
| Key conflict: N-Key rollover | Light mode: various |
| Battery: 4000mAh | Macro: support |
| Supply voltage: 5V | Charging current: 360mA |
| Power consumption: Wired mode: ≤60mA (no light)≤200mA (brightest backlight); 2.4G/BT: ≤50mA (no light)≤180mA (brightest backlight) | |
| Compatibility: Windows XP/Win 7/Win 8/Win 10/Win11/MaC OS | |

Indicator light: A : Caps Lock
B : Slow flashing red when battery is low
C/BT : BT and 2.4G switching

What's in the box

| FN+ESC (3s)= Rest | FN+WIN(3s) = Winlock/unlock | |

Safety precautions :

1. Do not disassemble, strike, crush or put into fire.
2. Do not store in high-temperature places.
3. Do not use this product in a humid environment (e. g. bathroom).
Contact with water may cause product failure or damage. uktu.
4. Please use the original cable of this product for power supply.
5. This product is not recommended for children under 8 years of age unless under the supervision of their guardian.

IC Caution:

-English:
This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause interference, and
(2) This device must accept any interference, including interference that may cause undesired operation of the device.
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

-French:
Le présent appareil est conforme aux CNR d' Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
(1) L'appareil ne doit pas produire de brouillage, et
(2) l' utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
Le matériel a été évalué pour répondre aux exigences générales d'exposition aux radiofréquences. Le dispositif peut être utilisé dans des conditions d'exposition portables illimitées.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction

Recycling & Environmentally Friendly Disposal

In order to protect the environment, after the expiration of the products service life, it should not be discarded in the same way as domestic garbage. Please recycle at a professional recycling center. For further information on the recycling of this product, please consult your local municipality, processing service center, or the store where you purchased the product. You can help protect the environment! Please remember to respect the local regulations, and in the non-working electrical equipment to an appropriate waste disposal center.
