<p>⚠ EXCEPTION HANDLING</p> <p>a. Problem : Unable to connect the device automatically. Reasons and treatment methods: 1: The first use of the product needs to manually connect to Bluetooth, it automatically goes back to the last paired Bluetooth device when next time. 2: Check whether the product is connected to other Bluetooth devices. 3: Check whether the Bluetooth device is on and in a relatively close range. 4. Restart the machine once or reset the product.</p> <p>b . Problem: Unable to find the product on Bluetooth search. Reasons and treatment methods: 1: Check whether the product is connected to other Bluetooth devices. 2: Check whether the product is in the Bluetooth waiting connection state. 3: When pairing, the pairing device is within a close range of the product.</p> <p>c. Problem: Device will not turn on. Reasons and treatment methods: 1: The battery power is too low and the product can not be started, charging the product. 2: Check whether the product charging is normal.</p>	<p>⚠ EXCEPTION HANDLING</p> <p>d . Problem: The sound of the product is too low. Reasons and treatment methods: 1: The product is not fully deployed or the horn sound area is blocked. 2: The product volume is not added to the maximum, manually increase the product volume(some Android devices have no volume synchronization when connected) exception handling.</p> <p>e . Problem: Short Bluetooth transmission distance. Reasons and treatment methods: 1: The product is placed in a place with complex interference signals (microwave oven, signal transmitting equipment, etc.), and the mobile product is far away from the interference source equipment. 2: Place the product in a place with shielding or blocking signals (metal desktop or device), and move the product position.</p> <p>f . Problem: Unable to charge. Reasons and treatment methods: 1: Check whether the charging cable is fully normally inserted into the charging port of the product. 2: The product charging voltage is 5V, it cannot use the charging function if the voltage is too high or too low , replace the charging adapter.</p>	<p>SPECIFICATIONS</p> <table border="1"> <tbody> <tr> <td>Bluetooth version</td><td>Bluetooth 5.3</td></tr> <tr> <td>Battery</td><td>Earbuds 3.7V/40mAh Charging case 3.7V/500mAh</td></tr> <tr> <td>Output power</td><td>5mW</td></tr> <tr> <td>Frequency response</td><td>20 Hz ~ 20 kHz</td></tr> <tr> <td>S/N Ratio</td><td>>80dB</td></tr> <tr> <td>Play time</td><td>≥6H(earbuds once)</td></tr> <tr> <td>Input power</td><td>5V1A</td></tr> <tr> <td>Charging time</td><td>1.5H</td></tr> <tr> <td>Transmission</td><td>≥10M</td></tr> <tr> <td>Waterproof</td><td>IPX4</td></tr> <tr> <td>Dimension</td><td>90*78*27mm</td></tr> <tr> <td>Weight</td><td>68g(including charging case)</td></tr> </tbody> </table>	Bluetooth version	Bluetooth 5.3	Battery	Earbuds 3.7V/40mAh Charging case 3.7V/500mAh	Output power	5mW	Frequency response	20 Hz ~ 20 kHz	S/N Ratio	>80dB	Play time	≥6H(earbuds once)	Input power	5V1A	Charging time	1.5H	Transmission	≥10M	Waterproof	IPX4	Dimension	90*78*27mm	Weight	68g(including charging case)	<p>🛡 SAFETY NOTICE</p> <p>Safe battery use: 1. Do not remove the product or replace the battery without permission to avoid the battery exposure to high temperature or fire. 2. Do not subject the product or battery to mechanical impact to avoid battery short circuit. 3. Do not charge the product unattended.</p> <p>Emphasis on using accessories: Only use the accessories provided or recommended by us (manufacturer).</p> <p>Product with magnetic and small objects: The product with small accessories, children should be used accompanied by parents, beware of the risk of accidental eating and suffocation. Product components contain magnets that may interfere with human implants such as pacemakers, and should be used away from people wearing pacemakers and other implants in case of accidents.</p> <p>Safe use environment : 1. This product is used away from high temperature and flame. 2. The product should be placed in a flat and stable plane in a normal temperature and humidity environment. 3. Do not use this product in an environment where attention is required (such as when walking on the road or driving).</p> <p>Recycling note : After the product is scrapped, it will be delivered together with the rechargeable battery to the regular waste recycling center or the designated dealer for safe recycling.</p>	<p>🛡 SAFETY NOTICE</p> <p>Cleaning method emphasizes : Do not use corrosive cleaning agent. Do not directly dry with high temperature flame.</p> <p>Emphasis on using accessories: Only use the accessories provided or recommended by us (manufacturer).</p> <p>Use specification and responsibilities: This product is used as a Bluetooth connection attachment device, specially designed for wireless audio communication, such as playing music or calling via Bluetooth technology. Any operation that does not conform to the provisions of the attached products is a non-standard use. We shall not be liable for damage to USB equipment and non-standard use of products and additional accessories.</p>	<p>⚠ SAFETY INSTRUCTIONS</p> <p>Please give the damaged products including batteries to a regular recycling point or Dealers in the nearby area.</p> <p>Please charge only with the charging adapter recommended by Xinborry.</p> <p>Charge the product regularly even if it does not use it for a long time. (Approximately once every 3 months)</p> <p>Products can only be charged at ambient temperatures of 10°C to 40°C.</p> <p>Avoid heating the product over 60°C. Please avoid sunshine. Do not throw the product into the fire.</p>	<p>FCC Conditions</p> <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: 1. This device might not cause harmful interference. 2. This device must accept any interference received, including interference that may cause undesired operation.</p> <p>Certification Statement</p> <p>CONTACT US</p> <p>Dear Value Customer: Thank you for purchasing our Xinborry's product. FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
