

3125B 2.4G 遥控功能说明:

Description of 3125B 2.4G remote control function:

- 1、关闭关掉灯和风扇: General pass /ALL OFF
- 2、光源灯灯开关:Lamp switch/LIGHTON OFF
- 3、自然风:forword recersal
- 4、风扇定时(短定时长按静音): Short tining Long press to mute Timing 延时 2 小时;Delay 2 hours
- 5、调整风扇速度 1-6: 1-6Adjust the fan speed/Gear position
- 6、风扇开关/清码: Press the fan to stop long and hold the code/ FAN OFF
- 7、灯亮度加: luminance+
- 8、灯亮度减: luminance-
- 9、色温 3000K:Yellow light 3000k
- 10、中性光: Neutral linht
- 11、色温 6000K:Yellow light 6000k

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

The devices has been evaluated to meet general RF exposure requirement , the device can be used in portable exposure condition without restriction
