#### Product parameter

Product Name:	Air conduction Bluetooth headset
Bluetooth Version:	BT5.3
Waterproofing Class:	Level IPX8
Battery Capacity:	100mAh
Charging Interface:	Type-C
Product Material:	ABS+PC
Transmission Distance:	About 10m
Product size:	146mm*107mm*59.3mm
Naked weight:	18g

#### FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.  
- Increase the separation between the equipment and receiver.  
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

#### Indicator Description

- \* When the battery is low, the orange light blinks.
- \* When charging, the indicator light is orange.
- \* When fully charged, the green light will keep on.

#### Matters Needing Attention

Do not use violence against the product, do not use heavy objects to squeeze, away from high temperature and humidity environment.

\* Note: This product can be connected to any device with Bluetooth function.
