Re: Request for confidentiality

Applicant: Movano, Inc.

FCC ID: 2BD6P-EVIE01

To whom it may concern,

***Permanent Confidentiality***

Request is hereby submitted by Movano, Inc. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Internal photos and Construction Exhibit

Rationale for request for confidentiality:

**Movano, Inc.** has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading-edge technology developed by us.

The Internal photos and Construction exhibit meet the criteria as outlined in KDB 726920 D01 II. Long-Term Confidentiality Section 3)a)1), as the circuit board and all internal components are encased in epoxy and not accessible to users.

If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ed Landau', written over a horizontal line.
