

Solder Board-Component View 5	 A photograph showing a small green printed circuit board (PCB) component with a USB connector, placed on a blue textured surface. A circular silver-colored component is connected to the PCB by thin copper wires. A black L-shaped ruler with white markings in millimeters is positioned next to the component for scale.
Solder Board-Component View 6	 A close-up photograph of the green PCB component, showing various electronic components including resistors, capacitors, and integrated circuits. A large black component with the number '220' is visible. Two red electrolytic capacitors are connected to the board via copper wires. The PCB is placed on a blue textured surface.
