| <p>EUT View 3</p> |  A black cylindrical component is shown on a blue textured background. A metal ruler is placed vertically to the left of the component, with the 0 mark at the top. The component's diameter is approximately 1.5 cm. A horizontal ruler is placed below the component, showing a scale from 1 to 31 cm.  |
| <p>EUT View 4</p> |  A black cylindrical component is shown on a blue textured background. A metal ruler is placed vertically to the left of the component, with the 0 mark at the top. The component's diameter is approximately 1.5 cm. A horizontal ruler is placed below the component, showing a scale from 1 to 19 cm. |

|                   |                                                                                                                                                                                                                                                                                                                                        |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>EUT View 5</p> |  A black cylindrical component is shown next to a ruler on a blue background. The ruler is marked in centimeters from 1 to 20. The component is positioned between the 5 cm and 7 cm marks, with its diameter appearing to be approximately 1.5 cm.  |
| <p>EUT View 6</p> |  A black cylindrical component is shown next to a ruler on a blue background. The ruler is marked in centimeters from 1 to 20. The component is positioned between the 5 cm and 7 cm marks, with its diameter appearing to be approximately 1.5 cm. |
