

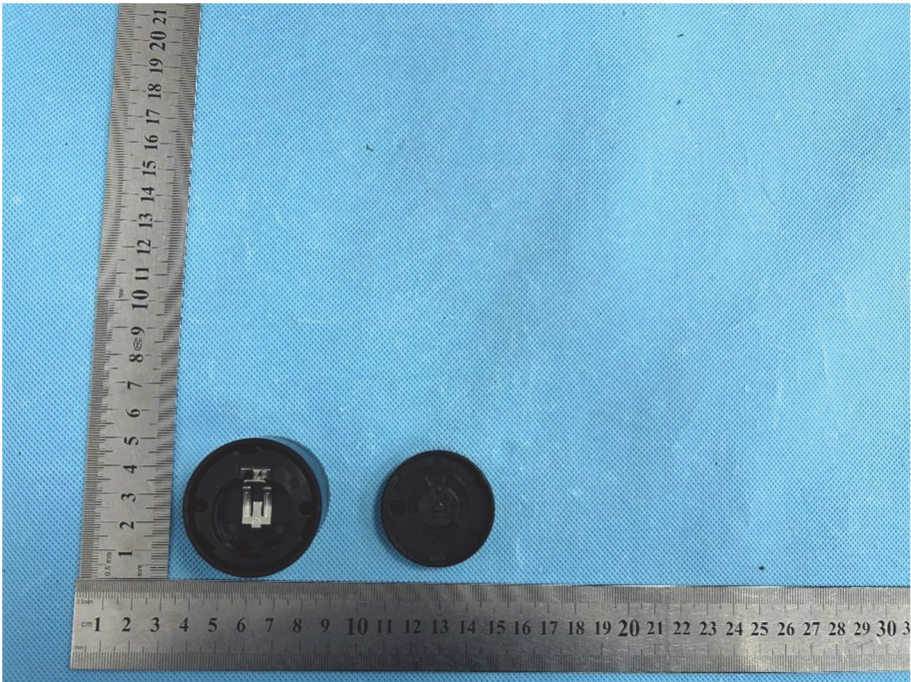

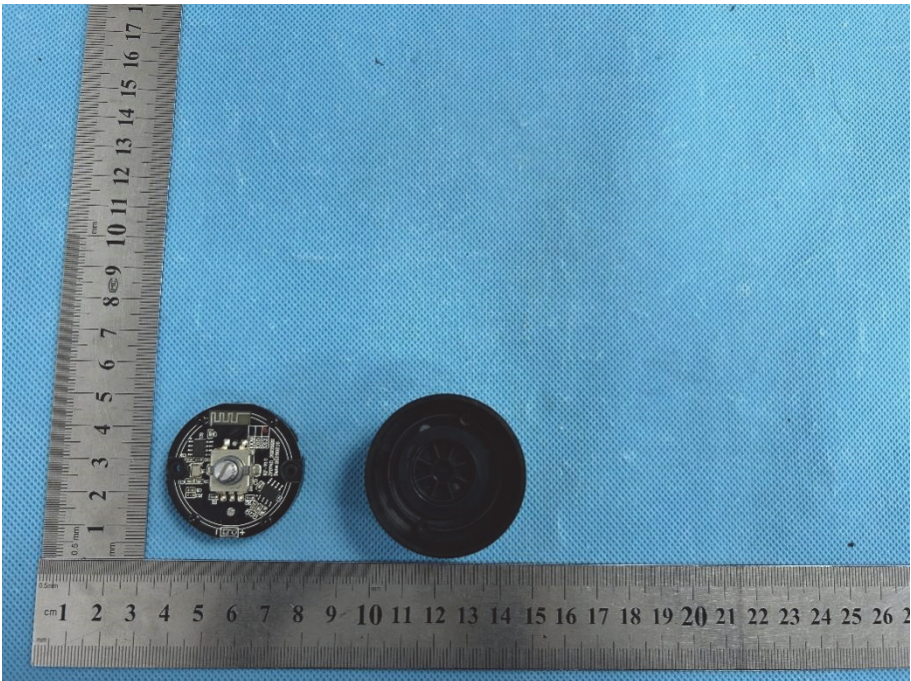

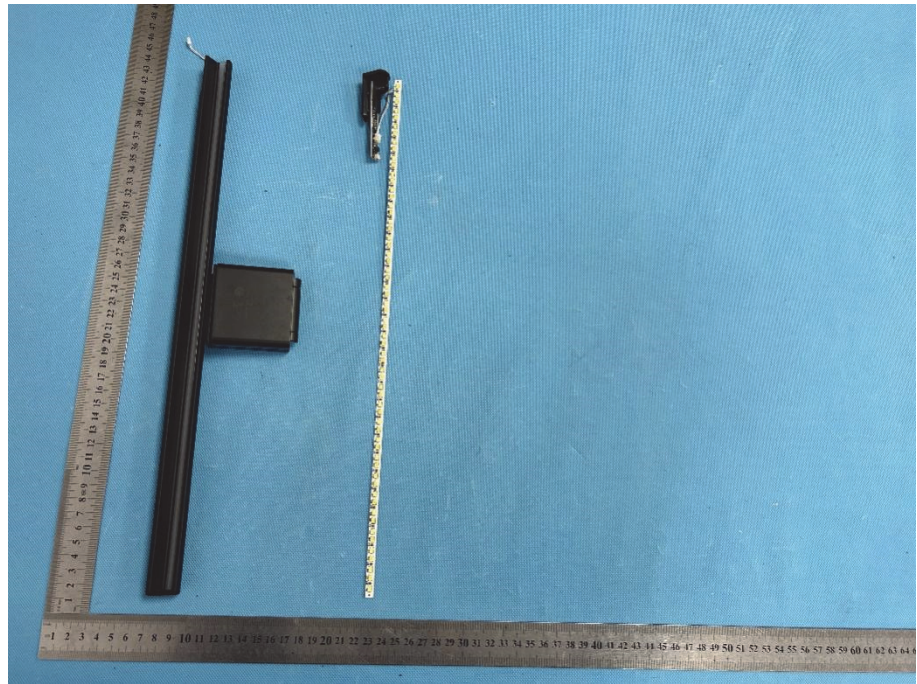

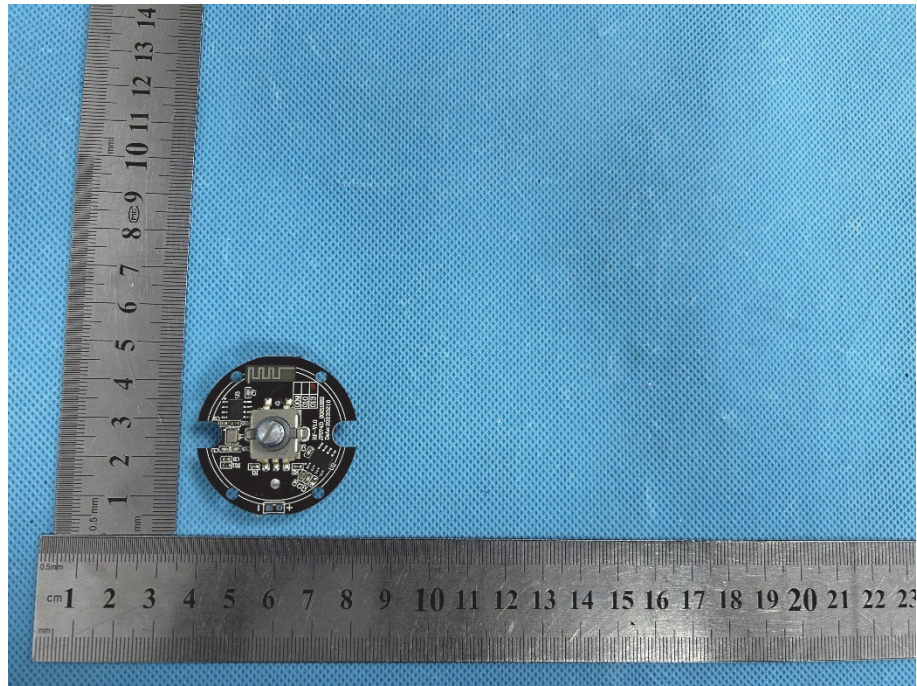

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

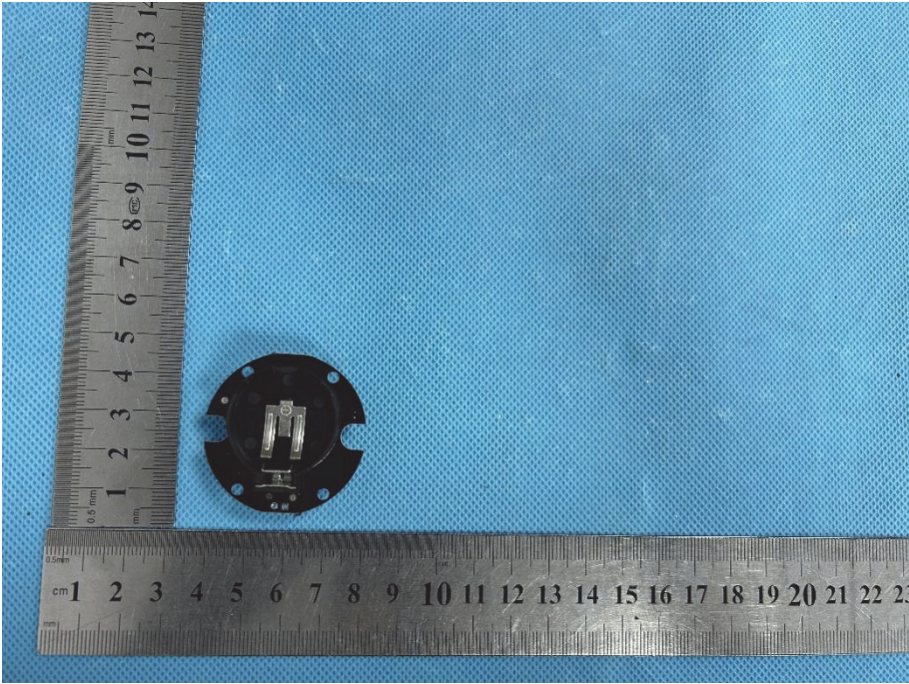

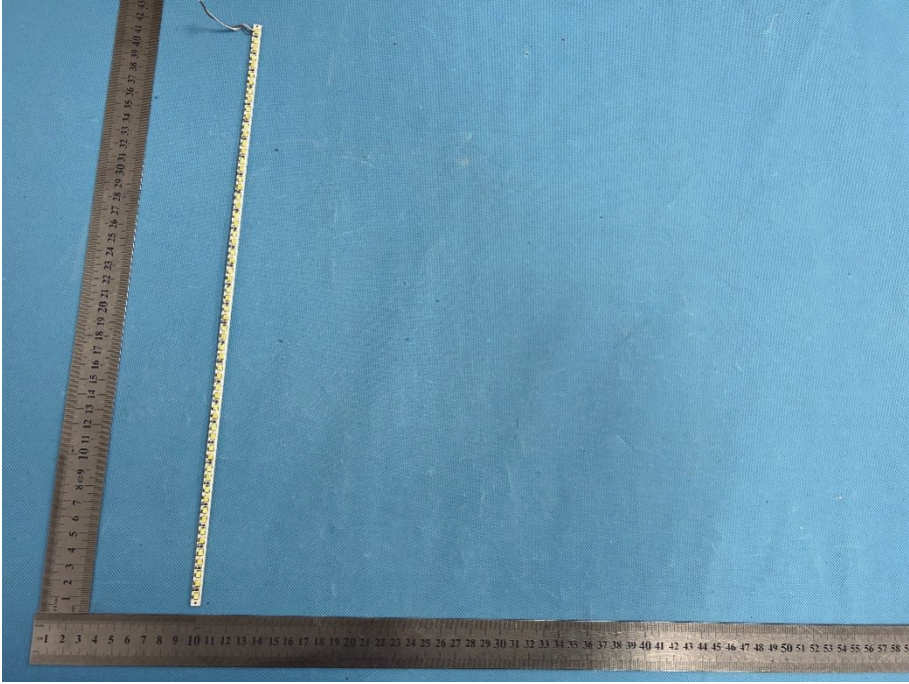

EUT Housing and Board View 1	 A photograph showing two circular components on a blue textured surface. The component on the left is a black plastic housing with a white connector. The component on the right is a black plastic cap. A metal ruler is placed vertically and horizontally for scale. The vertical ruler shows markings from 1 to 21 cm, and the horizontal ruler shows markings from 1 to 30 cm.
EUT Housing and Board View 2	 A photograph showing two circular components on a blue textured surface. The component on the left is a black plastic housing with a white connector. The component on the right is a black plastic cap. A metal ruler is placed vertically and horizontally for scale. The vertical ruler shows markings from 1 to 17 cm, and the horizontal ruler shows markings from 1 to 26 cm.

Board View 3**

**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a small, circular, black solder board component with a central silver-colored metal contact. The component is placed on a blue textured surface. A vertical ruler is positioned to the left of the component, and a horizontal ruler is positioned below it, both showing measurements in centimeters and millimeters.
Solder Board-Component View 3	 A photograph of a long, thin, yellowish-gold solder board component. The component is placed on a blue textured surface. A vertical ruler is positioned to the left of the component, and a horizontal ruler is positioned below it, both showing measurements in centimeters and millimeters.

Solder Board-Component View 4	 A photograph showing a long, thin, rectangular component, likely a solder board, placed vertically on a blue textured surface. A wooden ruler is positioned horizontally at the bottom of the frame, and another ruler is placed vertically along the left side of the component for scale.
Solder Board-Component View 5	 A photograph showing a small, rectangular component, likely a solder board, placed horizontally on a blue textured surface. A wooden ruler is positioned horizontally at the bottom of the frame, and another ruler is placed vertically along the left side of the component for scale.
