

Product Similarity Declaration

Product name: Wireless Home Automation Wi-Fi Fan Controller

Model name: WB601DF, LWF-DF, WB601F, LWF-F

FCC ID: 2BDI5-LWF-DF

Model group 1: WB601DF, LWF-DF

We (Lider Electric Inc.) hereby state that all the models are electrical identical including the same software parameter and hardware design (i.e., circuit design, PCB Layout, RF module/circuit, antenna type(s) and antenna location, components on PCB, etc.,), same mechanical structure and design (including product enclosure, materials, etc.,), the only difference is the model name.

Model group 2: WB601F, LWF-F

We (Lider Electric Inc.) hereby state that all the models are electrical identical including the same software parameter and hardware design (i.e., circuit design, PCB Layout, RF module/circuit, antenna type(s) and antenna location, components on PCB, etc.,), same mechanical structure and design (including product enclosure, materials, etc.,), the only difference is the model name.

Similarities between 2 model groups

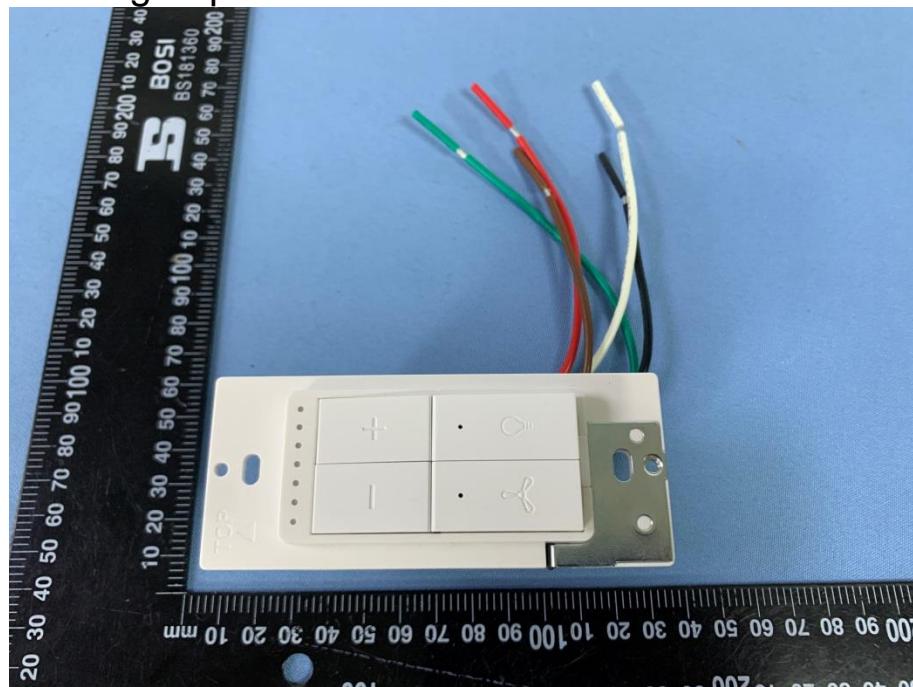

1. Use the same RF module. The software parameter configuration, antenna type, and antenna position are completely consistent.

Differences between 2 model groups

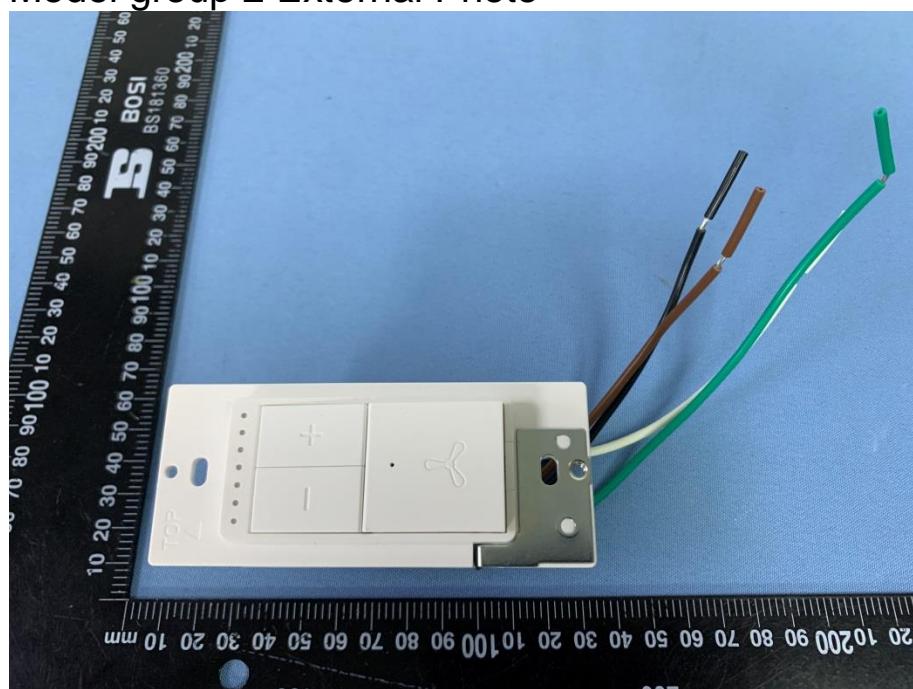

1. In appearance, model group 1 has two sets of outputs, and model group 2 has only one output.

Model group 1 External Photo

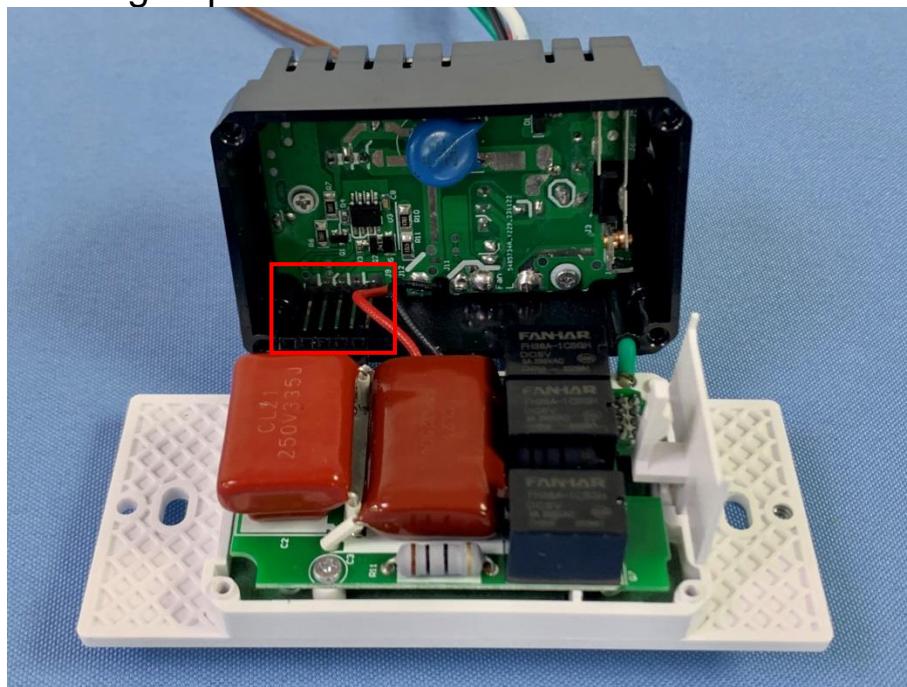

Model group 2 External Photo

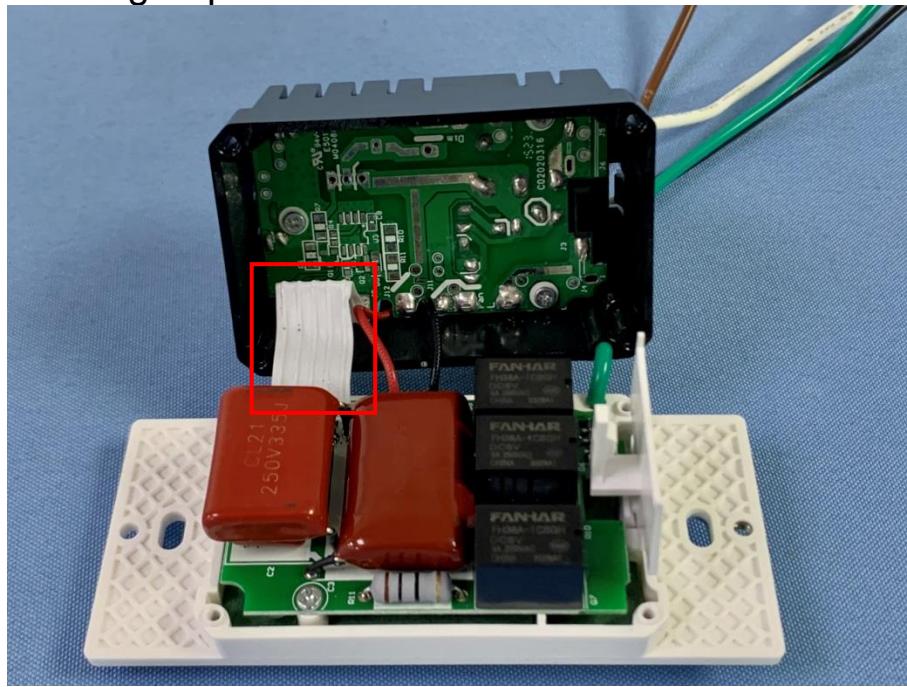

Lider Electric Inc.

2. Power board are connected in different ways.

Model group 1 Internal Photo

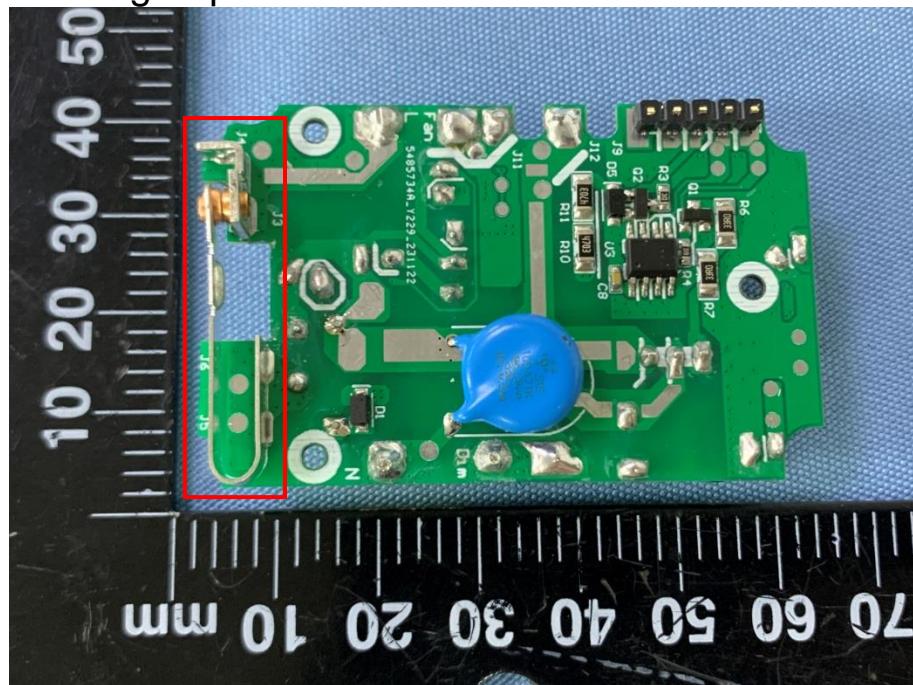

Model group 2 Internal Photo

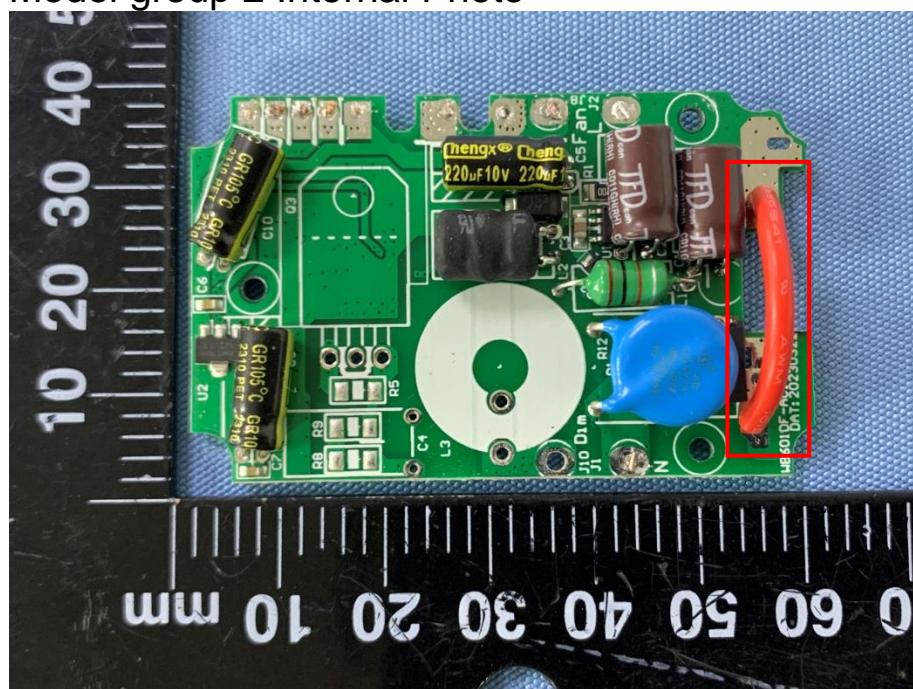

3. The connection method on the power board is different.

Lider Electric Inc.

Model group 1 Internal Photo

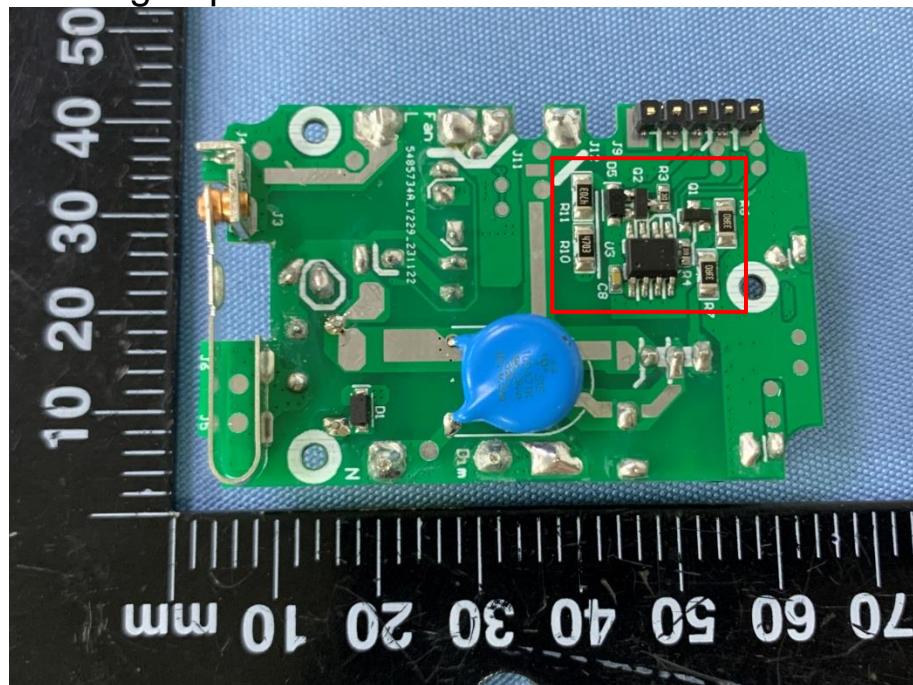

Model group 2 Internal Photo

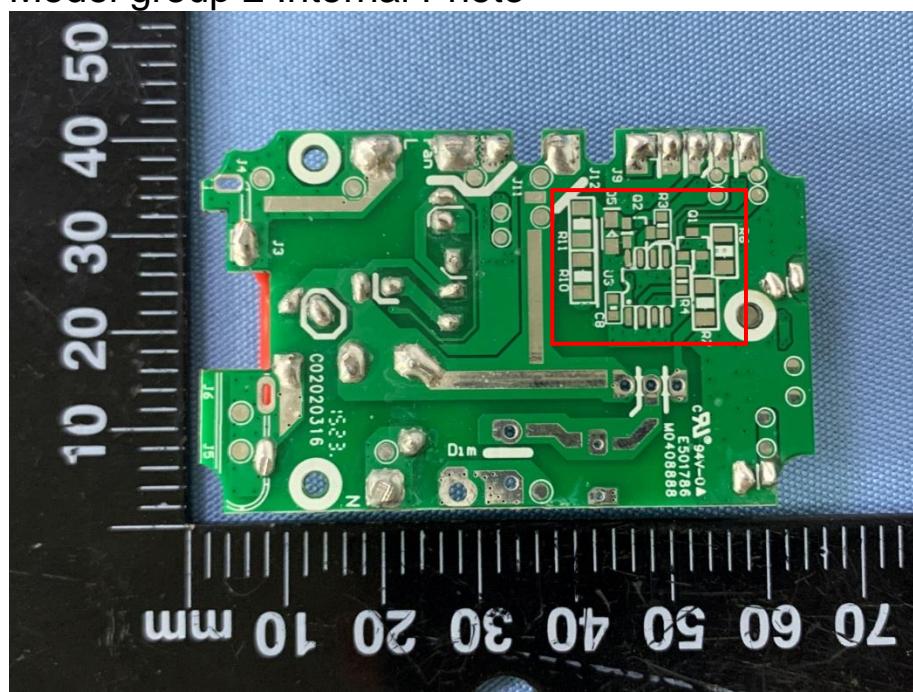

4. The materials on the power board are different.
