### **Nonroutine Long-term Confidentiality Request**

alfapump FCC ID: 2BDJN01473

To Whom it may concerns,

Pursuant to Sections 0.457(d) and 0.459 of the Commission's Rule and KDB726920, we hereby request nonroutine long-term confidential treatment of information accompanying this application as outlined below:

☒ **Internal Photos** of a consumer device where the circuit board is enclosed in epoxy or in a material that would destroy the circuit board if removed, or the device is sealed and disassembly would destroy the product.

☐ **Internal Photos** of a non-consumer device where the device is not accessible to the general public (for example a device mounted on the top of a large tower or in a fenced enclosure that is only serviceable by the licensee or designated technicians).

☐ **Installation Manual** is very technical and is not provided to the consumer because the consumer cannot service the device.

☐ **Integration Manual** is not made available to the public as this module is solely integrated by our company in our own final products and will not be sold to any other integrators.

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these matters might be harmful to the applicant and provide unjustified benefits to its competitors.

If you have any questions, please feel free to contact me.

Yours sincerely,  
**Sequana Medical NV**

Timur Resch
