Declaration Letter

FCC ID: 2BDNYJCHQX00AVNC

This device is integrated with the certified module.(FCC ID: 2ADQJ-YSP88459SM)

The antenna is designed for the host, when the module is integrated into the final product.(Transmitter module itself has not changed.)

WLAN Band NII-2A, 2C and Bluetooth LE are disabled via software.

The original module test report accurately represents antenna-port conducted test results under the host application.

The Output power was verified to the same as the module. Refer to module report for antenna-port conducted test results.

For radiated test item, new test results were reported.

Sincerely,

Contact Name: Soo-hyuk Yang
