

<h3>WIFI SMART TOUCH SWITCH</h3> <h3>LIVE + NEUTRAL WIRE OR SINGLE LIVE WIRE PRODUCT INSTRUCTIONS</h3>  <p>works with Amazon Alexa Google Assistant</p>	<p>Thank you very much for buying our products, in order to make our products better service for you, please read this manual in detail and save for future reference.</p> <h4>BEFORE INSTALLATION</h4> <ol style="list-style-type: none"> 1. Before installation, Please cut off the power supply first, check if there is any leakage of electricity, it is strictly prohibited to install in the electrified state. 2. Before installing the product, please make sure that the original circuit, lighting, and other installation conditions work properly. 3. For safety and sensitivity of wireless remote control, please use plastic button box instead of metal button box, metal button box will cause interference. 4. This product is an electronic product, please ensure the environment should ensure dry, indoor, no strong temperature, avoid high temperature, high humidity, easy dew situation to use. In the situation cooking, microwave oven, radio station and other strong electromagnetic wave environment may cause the normal usage. 5. Before installation, make sure the load power is within the required range. <h4>INSTALLATION INSTRUCTIONS</h4> <p>01 Installation instructions</p>  <p>The picture is for reference only, please refer to the real one.</p> <p>1</p>	<p>02 wiring instructions</p> <p>As shown below, this single live switch without neutral wire, only a single wire; if there is a neutral wire in the wall, will only need two wires. Capacitor can only be connected to L1.</p>  <p>Live & Neutral wire (Neutral wire Required)</p> <p>Single Live Wire (No Neutral Wire Required)</p> <p>[Warning] Do not install the Switch while it is in the state of electrification, this may affect or damage the PCB board.</p> <p>2</p>	<h4>INSTALLATION INSTRUCTIONS</h4> <p>01 as shown below, with the appropriate tools to pry off the panel.</p>  <p>02 Use two screws (M4 * 30mm) to install the frame on the inner box</p>  <p>03 Fix the panel</p>  <p>3</p>	<h4>LINK SETTINGS</h4> <p>01 Download the App 02 Scan the QR code or download TUYA APP.</p>  <p>02 Product into the distribution network mode Long Press L1 light button about 10S, when L1 button orange indicator [light] into the distribution mode, as shown in the following diagram.</p>  <p>2 Gang and 3 Gang can only press the L1 light button</p> <p>4</p>																										
<p>03 Automatically connect to the internet according to the tips of the App to operate.</p> <p>1. Make sure your phone is connected to your home WiFi network. App smart page → sign-in upper right-hand corner → Find device activation 2. Go to the device list interface and select the appropriate model according to the category 3. When the product is in the distribution network mode, this time will automatically search for products 4. If the addition fails, please retry or consult customer service.</p>  <p>04 manual networking according to the tips of the App to operate.</p> <p>1. Make sure your phone is connected to your home WiFi network. App smart page → sign-in upper right-hand corner → Find device activation 2. Go to the device list interface and select the appropriate model according to the category 3. Open the App tips and shows "Device connected to network successfully." 4. If the addition fails, please retry or consult customer service.</p>  <p>5</p>	<p>BASIC OPERATION</p> <p>01 The orange light is on, and the white light is off.</p>  <p>02 reset setting</p> <p>In the switch on state, long press any button on the panel to open and the flash of the Orange light, release hand, press this button again for 10s until it stops (blinking and the switch resumes the factory setting).</p> <p>6</p> <p>03 remote control</p> <p>As long as there is a network, download the free APP Smart Life, Any Time, Any Place your smartphone to control your home appliances.</p> <p>7</p> <p>04 single-wire system . Must Read !</p> <p>Whether there is a neutral line in the circuit, you can use the switch. If you connect without a neutral line, you need to insert the LED adapter into the L1 light (just install one), but if you connect the neutral line, you don't need the adapter.</p>	<p>05 installation tips:</p> <p>During installation, always turn off the main power until the panel is installed, but if you test the switch by touching the plug-in directly (without the glass panel), please turn off the power for 3 minutes, then install the panel before disconnecting, and you're good to go.</p> <p>06. Voice Control</p> <p>Compatible with Smart Life Two pollutions, Amazon Alexa, Google Home Assistant and etc in iOS or Android, you can control your home appliances simply by giving voice commands to Amazon Alexa or Google Assistant.</p> <p>FCC Warning</p> <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>Any changes or modifications not expressly approved by the party responsible for certification could void the user's authority to operate the equipment.</p> <p>Notices</p> <p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.</p> <p>If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> - Reorient or relocate the receiving antenna. - Increase the separation between the equipment and receiver. - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. - Consult the dealer or an experienced radio/TV technician for help. <p>This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The equipment should be installed and operated with minimum distance 20cm between the radiator and your body.</p> <p>8</p>	<p>PRODUCT SPECIFICATION</p> <table border="0"> <tr> <td>Manufacturer:</td> <td>CostTouch China Intelligent CO.,Ltd</td> </tr> <tr> <td>Product size:</td> <td>118x72x33 (mm)</td> </tr> <tr> <td>Color:</td> <td>black, white</td> </tr> <tr> <td>Material:</td> <td>toughened glass, Frame PC + ABS</td> </tr> <tr> <td>Voltage:</td> <td>100-240VAC, 50/60Hz</td> </tr> <tr> <td>Power:</td> <td>Power consumption load 400W max; Capacitor load 200W max; Max Total Power: 1200W max</td> </tr> <tr> <td>Total amperage capacity:</td> <td>10A</td> </tr> <tr> <td>Operating temperature:</td> <td>-20°C ~ 50°C (or indoor use)</td> </tr> <tr> <td>Switch type:</td> <td>touch switch</td> </tr> <tr> <td>Button number:</td> <td>1 gang, 2 gang, 3 gang</td> </tr> <tr> <td>Certification:</td> <td>FCC</td> </tr> <tr> <td>Whether including batteries:</td> <td>No</td> </tr> <tr> <td>Wireless connection:</td> <td>WiFi 2.4GHz</td> </tr> </table> <p>ACCESSORIES</p> <ul style="list-style-type: none"> Installation screws: 2 pcs Switch tips Capacitor tips Installation manual: 1 PCS <p>WARRANTY TIPS</p> <ol style="list-style-type: none"> 1. The invoice is an important evidence of base maintenance, please keep it properly. 2. The warranty period is one year, subject to the invoice date. 3. The products damaged due to improper use and storage, excessive local power supply, lightning and other force majeure factors will not be covered by the warranty. <p>9</p>	Manufacturer:	CostTouch China Intelligent CO.,Ltd	Product size:	118x72x33 (mm)	Color:	black, white	Material:	toughened glass, Frame PC + ABS	Voltage:	100-240VAC, 50/60Hz	Power:	Power consumption load 400W max; Capacitor load 200W max; Max Total Power: 1200W max	Total amperage capacity:	10A	Operating temperature:	-20°C ~ 50°C (or indoor use)	Switch type:	touch switch	Button number:	1 gang, 2 gang, 3 gang	Certification:	FCC	Whether including batteries:	No	Wireless connection:	WiFi 2.4GHz	<p>CERTIFICATE</p> <p>Inspector 02</p> <p>QC PASS 02</p> <p>the product is approved to leave the factory after passing the inspection</p>
Manufacturer:	CostTouch China Intelligent CO.,Ltd																													
Product size:	118x72x33 (mm)																													
Color:	black, white																													
Material:	toughened glass, Frame PC + ABS																													
Voltage:	100-240VAC, 50/60Hz																													
Power:	Power consumption load 400W max; Capacitor load 200W max; Max Total Power: 1200W max																													
Total amperage capacity:	10A																													
Operating temperature:	-20°C ~ 50°C (or indoor use)																													
Switch type:	touch switch																													
Button number:	1 gang, 2 gang, 3 gang																													
Certification:	FCC																													
Whether including batteries:	No																													
Wireless connection:	WiFi 2.4GHz
