CHARGING

1.EARBUDS: Just place the earbuds into the charging case. The earbuds will automatically enter charging mode if the cradle is charged or connected to the power supply. The white LED indicator flashes during charging and remains solid when fully charged.

2.CASE: Use the cable provided to connect the charging case to the power supply.

BLUETOOTH PAIRING

- Power the device on. The earbuds will pair with one another automatically when they are turned on.
- Turn on your device's Bluetooth from the Bluetooth menu and select "TWS-Earbuds".
- When paired successfully the device will make a tone to confirm the connection has been made to your device.
- Remember to turn the earbuds off after each use to ensure longest play time.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

CAUTION

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

USB-A to USB-C charging cable rating 5V/1A max.

⚠ **CAUTION:** The USB-A to USB-C charging cable included with this item is intended for use with this product.

WARNING FOR BATTERY

Please do not handle the battery in the following manners. It can lead to an explosion or leakage of flammable liquids and gases.

- Dispose of fire, discard, crush or cut.
- Leave in extremely high temperature environment.
- Leave in extremely low pressure environment.
