

### **SW-GM01 specification of product**

Comfortable, Revolutionary, Portable Design

The Wireless Mouse offers extreme comfort but with the added convenience of extreme portability. its expanded size for easy storage while traveling.

The Wireless Mouse ambidextrous design makes it ideal for everyday use.

Whether you're right- or left-handed, your hands and wrist will stay comfortable and in complete control even after hours of heavy use.

Wireless Technology with Less Interference 2.4GHz wireless optical tracking

Open the battery cover at the bottom of the mouse, take out the receiver and insert it into the USB port of the computer, put 1 AA battery into the battery slot according to the positive and negative directions, cover the mouse battery cover, and then the mouse can be used normally after the USB receiver is set by itself.

7D 2.4g wireless mouse

#### **Mouse Characteristics:**

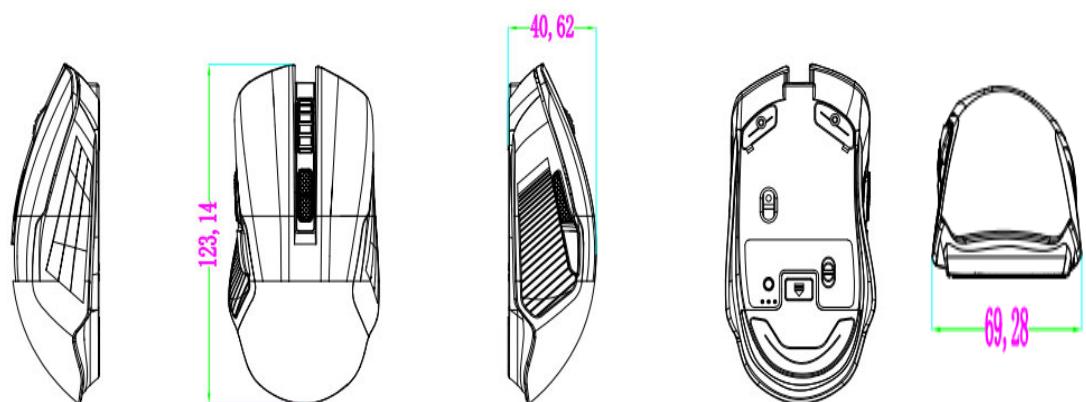

1. Mouse size: 123.1\*69.2\*40.5mm
2. Weight:75g

---

- 3. Button number: 7 keys:
- 4. Battery: AA\*1
- 5. Interface: USB
- 6. DPI: DPI:.800-1200-1600DPI
- 7. Scanning Speed: 150-3000/second
- 8. mouse type :wireless, without cable
- 9. Application: destop, laptop
- 10. can work on any surface including wooden,plastic. except glass or mirror
- 11. Style: office
- 12. Working distance: 6-10M
- 13. Compatible with Windows 2000/NT/Me/XP//VISTA
- 14. Radio frequency range: 2402MHz~2480MHz
- 15. Plug and play. no need driver.
- 16. Operating voltage: mouse 1.5V
- 17. Rating working current:**18mA (MAX)**
- 18. Convenient scroll wheel,working freely on usual surfaces
- 19. 16 channels and automatically changing to avoid interference
- 20. Maximum acceleration:14inch/second
- 21. Operating System:Win7/Win98/2000/ME/XP/VISTA
- 22. Working on any surface except glass surface
- 23. Available for PC and notebook
- 24. Hand Orientation: Both hand
- 25. life over 3000,000 times

**Ambient conditions:**

<b>Ambient temp</b>	0°C ~ +45°C
Working temperature	-20°C ~ 60°C
Working Humidity	<85%RH

Size :123.1\*69.2\*40.5mm

## FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
