<div><div><div>Ⓜ</div><div>/</div><div>M</div></div><div><div>Click once: Switch between Bluetooth mode & TF card mode</div><div>Click twice quickly: LED light on / off (In the case of product with light)</div><div>Press & hold 1.5s: Voice assistant wake-up</div></div></div> <div><div><div>Ⓜ</div></div><div><div>Click once: Volume down</div><div>Press & hold: Previous track</div></div></div> <div><div><div>+</div></div><div><div>Click once: Volume up</div><div>Press & hold: Next track</div></div></div> <div><div><div>Ⓜ</div></div><div><div>Press & hold: Turn on / off / reject the incoming call</div><div>Click once: Play / pause / answer the call / hang up the call</div><div>Click twice quickly: Redial the last call</div></div></div> <div><div>Accessories</div><div>Contents: Headphone*1, Type-C charging cable*1, user manual *1</div></div>	<div><div>Bluetooth wireless technology</div><div>With Bluetooth wireless technology, you can connect your headphone to a compatible communication device without using a cable. The Bluetooth wireless connection does not need to keep the phone and the headphone facing each other, but the maximum distance between the two should not exceed 10 meters (about 30 feet), and the Bluetooth wireless connection may be disturbed by obstacles such as walls or other electronic devices.</div></div> <div><div>Paring name: MAX 5.0 / BT</div></div> <div><div>Specifications</div><div>Version: 5.0 Transmission range: 10M Frequency range: 20Hz-20kHz Speaker: 40mm Impedance: 32Ω Working time: ≈18hrs Standby time: ≈25hrs Battery capacity: 400mAh</div></div> <div><div>Warm prompt of headphone charging</div><div>If the headphone is not used for a long time, in order to extend the battery life, it is recommended to fully charge the headphone every month.</div></div>

<div><div>Warning:</div><div>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</div><div><div>NOTE:</div><div>This equipment has been tested and found to comply with the limits for Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: --Reorient or relocate the receiving antenna. -- Increase the separation between the equipment and receiver --Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. --Consult the dealer or an experienced radio/TV technician for help The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</div></div></div> <td></td>
