

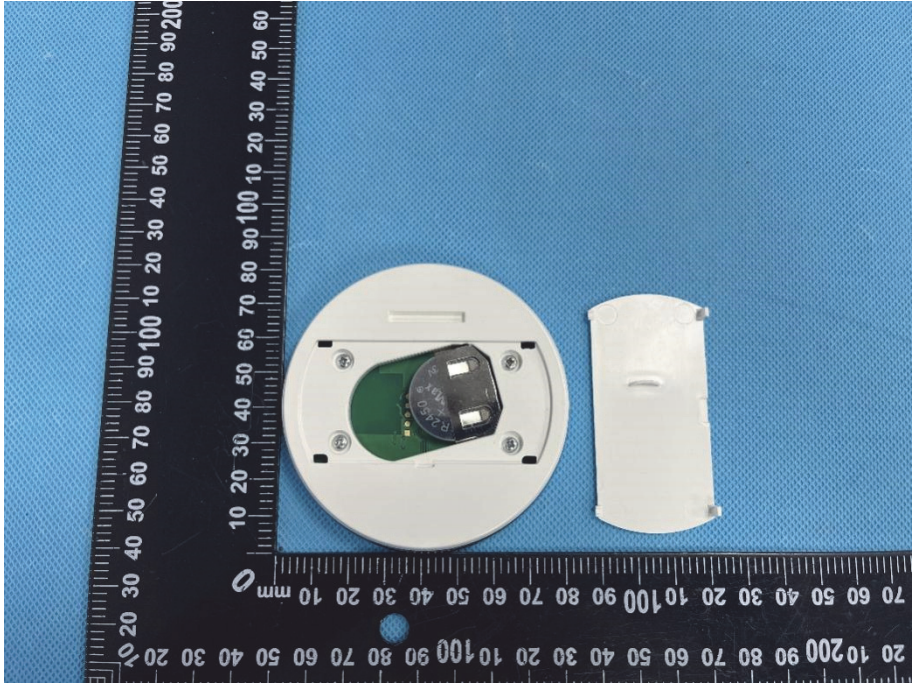

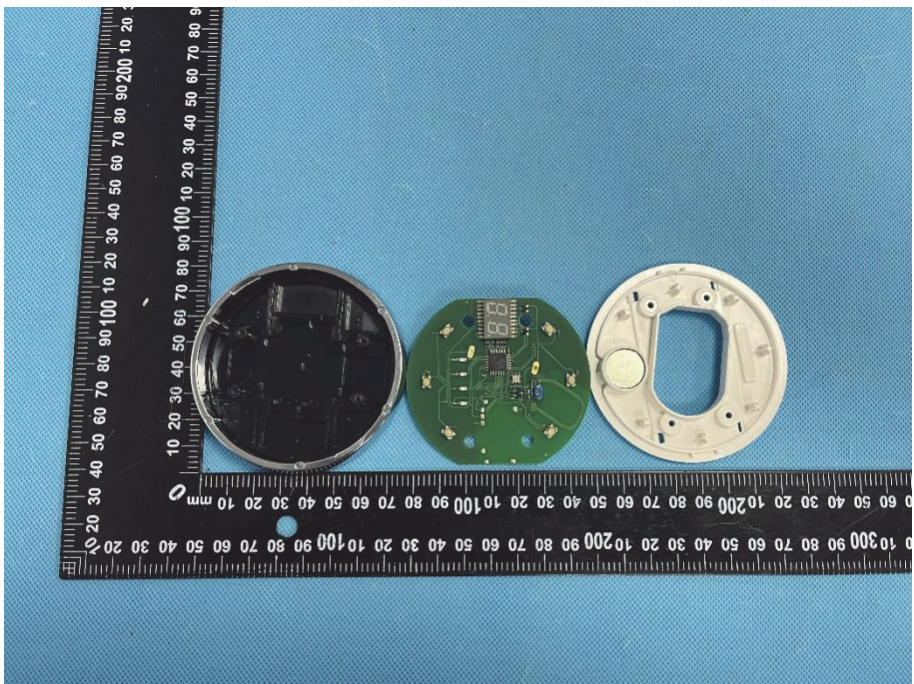

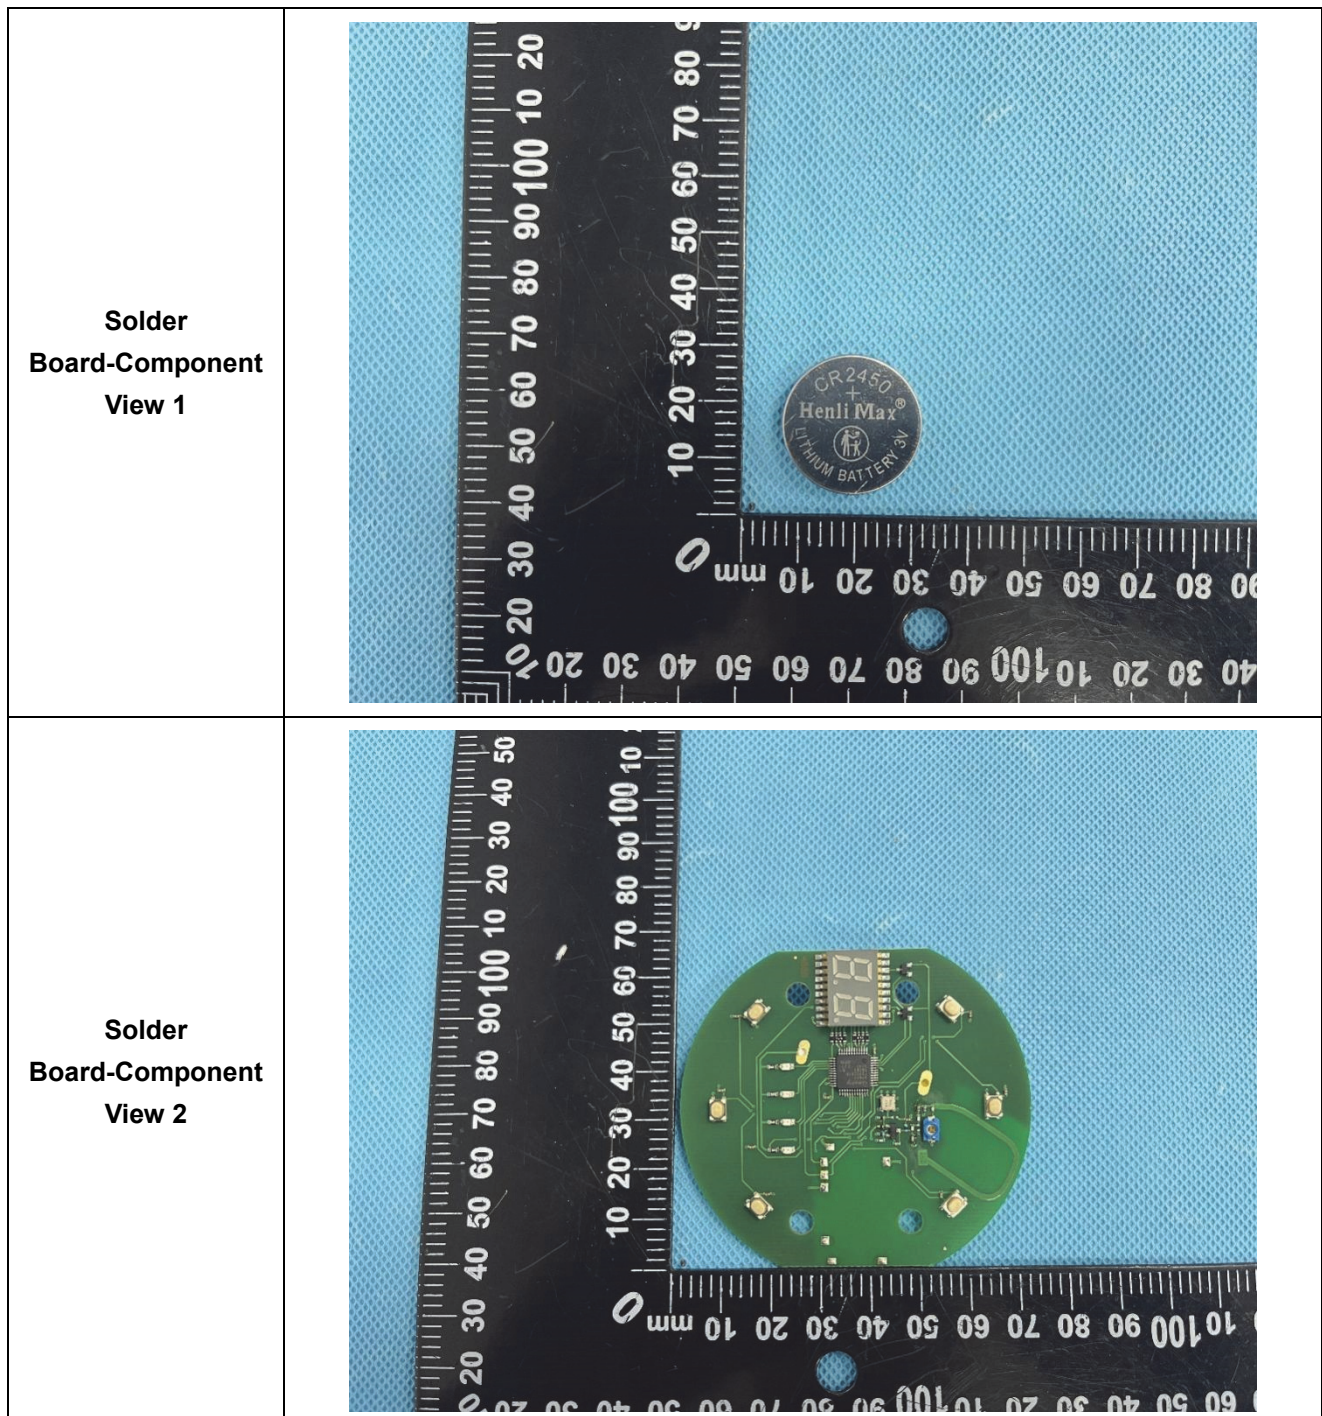

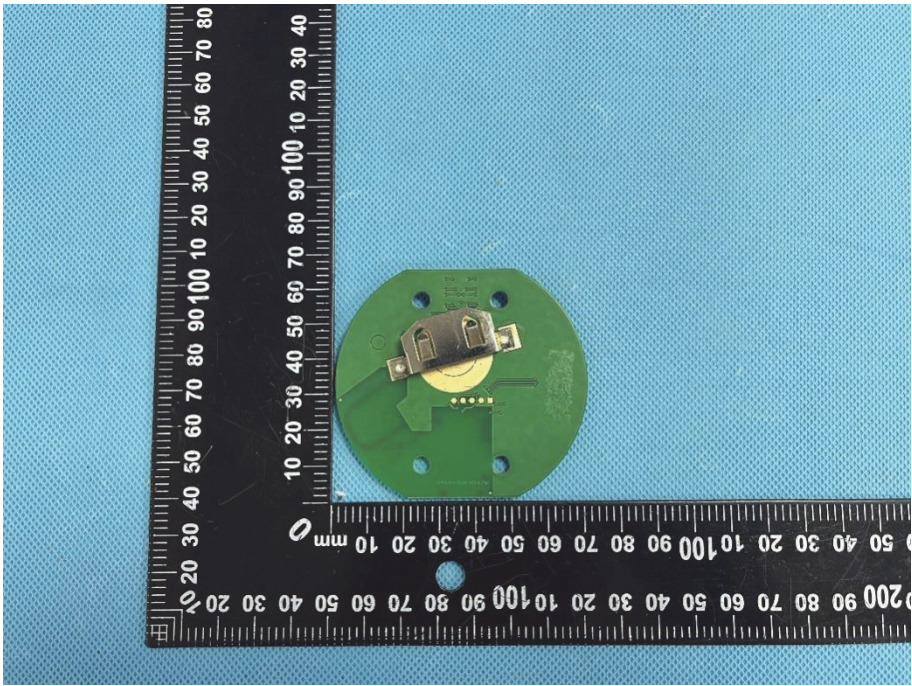

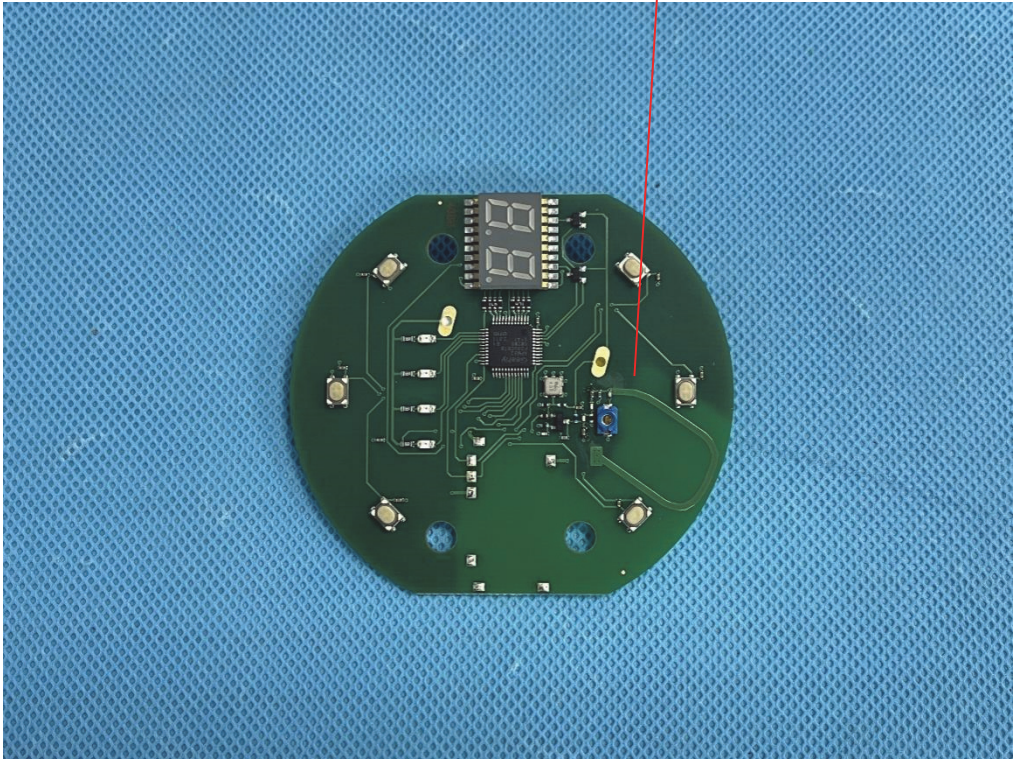

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of the EUT housing. On the left is a white circular plastic housing with a green PCB mounted inside. On the right is a white rectangular plastic component. A black ruler with white markings is placed vertically to the left of the components for scale. The background is a blue textured surface.
EUT Housing and Board View 2	 A photograph showing three components of the EUT housing: a black circular plastic housing, a green PCB with various electronic components, and a white circular plastic housing. A black ruler with white markings is placed vertically to the left of the components for scale. The background is a blue textured surface.

Solder Board-Component View 3	 A photograph of a circular green PCB component with a metal antenna soldered to its top. The component is placed on a blue textured surface next to a black L-shaped ruler for scale. The ruler has markings in millimeters (0-100 mm) and centimeters (0-10 cm).
Antenna View	 A photograph of the same circular green PCB component from a top-down perspective, showing various electronic components like a microcontroller, capacitors, and resistors. A red line points from a label to a specific antenna structure on the board. 433.92 Antenna
