quick guide

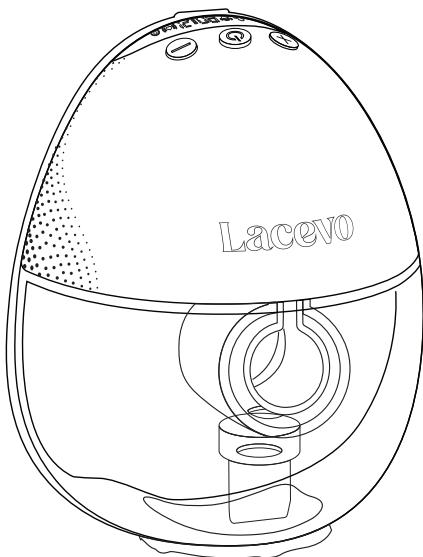

quick guide

getting started

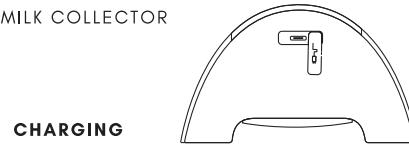

REMOVE PUMP MOTOR

- 1 PUT YOUR THUMB, INDEX AND MIDDLE FINGER ON THE GRIP EITHER SIDE OF THE MOTOR
- 2 WITH YOUR OPPOSITE THUMB UNCLIP THE SPOUT OF THE MILK COLLECTOR FROM THE MOTOR
- 3 PULL THE MOTOR UPWARDS AND AWAY FROM THE MILK COLLECTOR

DISASSEMBLE

- 1 REMOVE DIAPHRAGM
- 2 REMOVE FLANGE BY RELEASING SILICONE SEAL EDGE FROM MILK COLLECTOR. PUT YOUR FINGERS EITHER SIDE OF TUNNEL & PULL IN OPPOSITE DIRECTION
- 3 REMOVE VALVE FROM BOTTOM OF FLANGE TUNNEL

- 1 REMOVE USB C COVER
- 2 CONNECT USB-C TO POWER SOURCE. BATTERY ICON BARS WILL FLASH WHEN CHARGING. CHARGE UNTIL FULLY CHARGED AND BATTERY ICON IS SOLID

cleaning

FIRST USE

SOAK ALL WASHABLE PARTS (NOT MOTORS) IN BOILING WATER FOR AT LEAST 5 MINUTES. REMOVE AND AIR DRY.

WASH WITH BOILING WATER, FROM TIME TO TIME FOR A DEEPER CLEAN.

REGULAR CLEANING

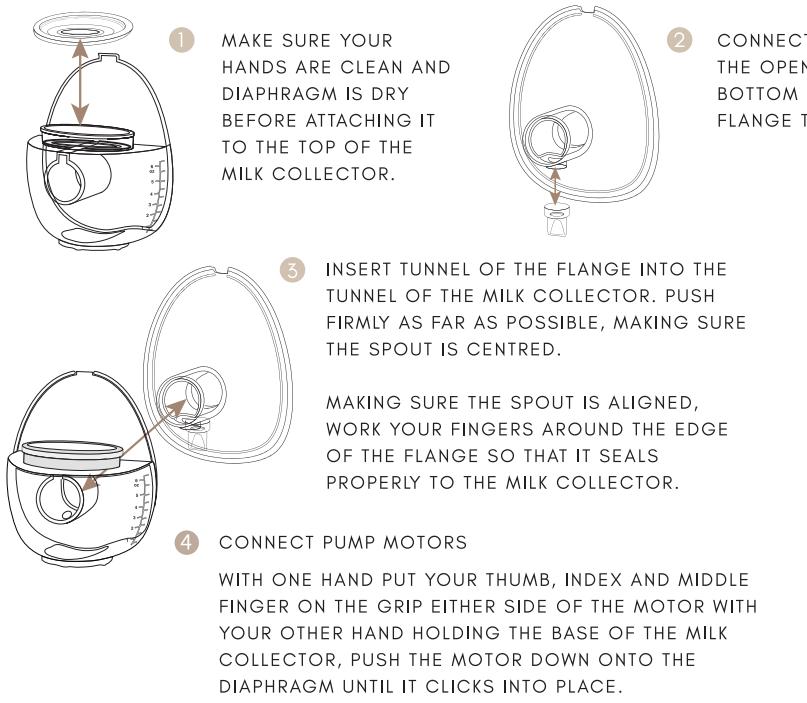

USE CLEANING BRUSHES TO CLEAN WASHABLE PARTS WITH WARM WATER & MILD DISH SOAP. RINSE, REMOVE AND AIR DRY.

DO NOT PUT IN DISHWASHER OR SANITISER AS IT MAY SHORTEN THE LIFE SPAN OF YOUR PARTS. WE RECOMMEND YOU REPLACE SILICONE PARTS EVERY 1-3 MONTHS DEPENDING ON FREQUENCY OF USE.

PUMP MOTORS

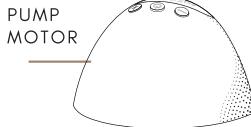

WIPE WITH 70-90% ETHYL OR ISOPROPYL ALCOHOL

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
