

CMOSTEK

POWER:DC4.5V

Operation Frequency: 433.92MHz

Modulation Type: FSK

RoHS

FCC ID:2BE2UCMT2380F29

MADE IN CHINA

MODEL:CMT2380F29-EQR

Equipment: sub-1GHz soc tansceiver

model:CMT2380F29-EQR

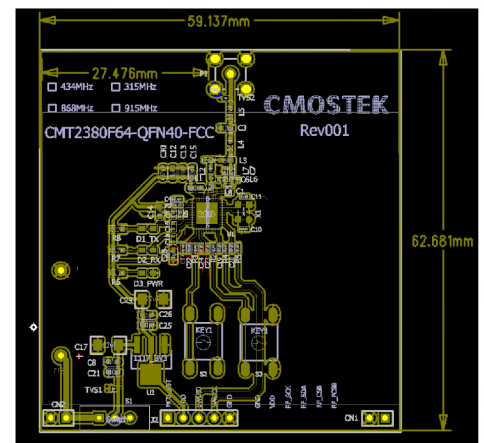

Quantity:3000

Package: QFN32 (5x5)

Address: 30th floor of 8th Building, C Zone, Vanke Cloud City, Xili Sub-district, Nanshan, Shenzhen, GD, China,,PRC30th floor of 8th Building,
C Zone, Vanke Cloud City, Xili Sub-district, Nanshan, Shenzhen, GD, PRC China,518055

this device complies with part 15of rhe FCC Rules,operation is subject to the following two conditions:(1) this device may not cause harmful interference ,and (2) this device must accept any interference received, including interference that may cause undesired operationl.

Due to the size of the product, the label is not reflected in the product, but will be reflected in the instruction manual and the outer packaging.

product size :
59.137mm(W)*62.681mm(L)*17.5mm(H)

CMOSTEK

POWER:DC4.5V

Operation Frequency: 433.92MHz

Modulation Type: FSK

FCC ID: 2BE2UCMT2391F128

Contains FCC ID: 2BE2UCMT2391F128
