手首周囲5.5～7.7インチに適合

3.廃棄とリサイクル

スマートウォッチおよび付属部品を適切に廃棄し、リサイクルすることはお客様の責任であることをご承知おください。スマートウォッチは一般家庭ごみと一緒に廃棄しないでください。スマートウォッチ本体は電子廃棄物とみなされますので、お近くの電子機器回収施設で廃棄してください。詳しくは、お住まいの地域の電子機器廃棄物管理当局または製品を購入された販売店にお問い合わせください。

Säkerhetsinstruktioner

1. miljöförhållanden

Drifttemperatur: -10°C till 50°C (14 F till 122F)

Temperatur utanför drift: -20°C till 60°C (-4°F till 140°F)

2.Storlek

Passar en handled med en omkrets på mellan 5,5 och 7,7 tum

3. Avfallshantering och återvinning

Vänligen observera att det är konsumentens ansvar att på rätt sätt kassera och återvinna Smart Watch och tillhörande komponenter. Släng inte Smart Watch med vanligt hushållsavfall, Smart Watch-enheten betraktas som elektroniskt avfall och ska slängas på din lokala insamlingsanläggning för elektronisk utrustning. För mer information, kontakta din lokala myndighet för avfallshantering av elektronisk utrustning eller återförsäljaren där du köpte produkten.

FCC Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
