

Antenna Report

Antenna plate	PCB antenna
Market name/Model name	REMOTE CONTROLLER
Manufacture	ZETA TECHNOLOGY(GUANGDONG) CO.,LTD.
Add.	B Building 1#, No.9 Huaqing Industiral Avenue, Guangzhou(Qingyuan) Industrial Park, Shijiao Town, Qingchengdistrict, QingyuanCity
Antenna Max. Gain	0dBi
Frequency Range	433.887MHz
Length	L=65x30mm  A photograph of a green printed circuit board (PCB) with a red rectangular box drawn around its central rectangular area. The board has various electronic components, including a central integrated circuit, resistors, and capacitors, all mounted on a green substrate. The red box highlights the main body of the PCB, which is the antenna plate mentioned in the report.
