Change Watch Faces

- Long press the watch face, then swipe left or right to replace the current watch face.
- Go to the App to download more watch faces, including those for always-on display.

Sports Recognition

Once enabled, the watch will remind you whether to enter the corresponding sports mode when you begin one of these sports – walking, running, cycling, elliptical trainer, or rowing machine.

Bluetooth Calling Setup

For both iPhones and Android phones:

Once the App is connected to the watch, tap Pair on the App to enable Bluetooth calling.

OTA Update

Enter the Firmware Update page on the App for the latest firmware version.

Warranty Policy

KOSPET provides a two-year warranty on the Products purchased through our official online store (<http://www.kospet.com>).

For more information, please go to: <https://kospet.com/pages/kospet-worry-free>

For further questions, welcome to email us: after-sales@kospet.com, or call +1(507)668-8466, from Monday to Friday, from 08:00 a.m. EST to 05:00 p.m. EST.

Security Tips

- Since high-temperature environments may cause battery explosions and other safety accidents, do not expose the watch to such conditions like under the scorching sun rays, or around heaters, microwave ovens, or other devices that produce extremely high temperatures.
- The watch includes an irremovable lithium-polymer battery. Non-professionals are prohibited from disassembling it to avoid accidents.
- The watch has passed several waterproof tests before launch. Its internal parts, however, may experience wear and tear due to different using habits, which affects its sealing effectiveness. Please wear and use the watch carefully during swimming, diving, etc. But avoid wearing it in a sauna, or for a hot shower.
- The watch is not designed or intended to monitor or diagnose diseases or other conditions. The heart rate, blood pressure, and other health data collected is for reference only.

FCC Caution:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This user manual is published by KOSPET that reserves the right of final interpretation. We may make adjustments to this manual anytime if necessary. Feature descriptions on the foregoing pages are provided for reference only.

The E-label information
