PREMIUM-This Is What Your Life Should Be

This collection provides more textured lighting products to meet your rigorous needs. Perfect for elevating your beloved space and rooms to a premium level.

②

Curtain light instructions

(1) Unpack to confirm whether all accessories are complete: a string of LED light bars, a power adapter, a wireless remote control, and a manual.

(2) Hang the light bars on the curtains in order, then untie the ropes on the light bars, and arrange the light bars in an orderly manner to avoid knotting of the light bars.

(3) Turn on the power supply.

(1) Search for iDeal Led on the App Store for Apple mobile phones, and search for iDeal Led on Google Play for Android phones

(2) Use the mobile browser to scan the QR code, go directly to the download page, and select and install the corresponding App according to the mobile phone type.

(3) When installing the APP for the first time, the option "Do you allow "browser" to install apps?" will appear, please check the "Allow".

iDeal Led

③

Click here to enter the operation interface

Note: When you enter the APP for the first time, the option "Is "iDeal Led" allowed to obtain the location information of the device?" will appear. Please check "Only allowed during use".

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment
