

# Product Specifications 产品规格书

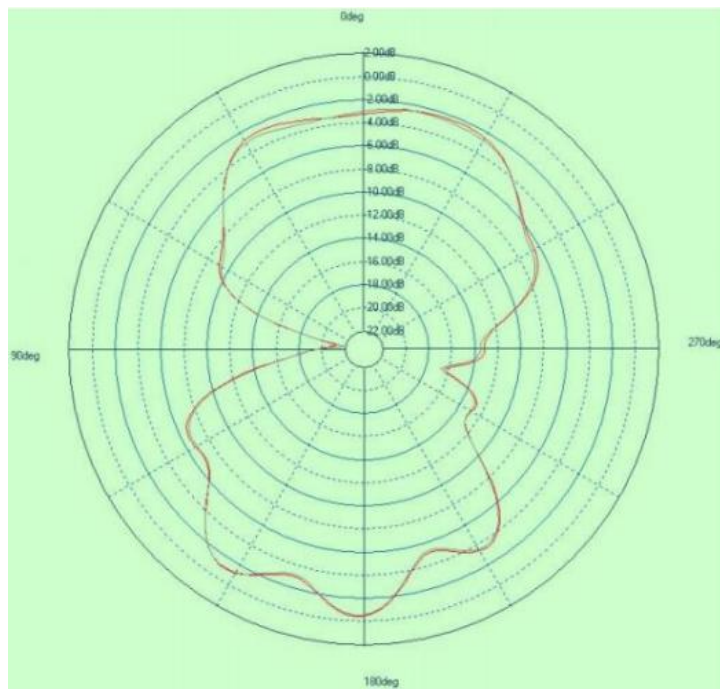

## 1. Technical Parameters 产品技术指标

|                           |                    |
|---------------------------|--------------------|
| Product Name 产品名称         | PCB Antenna        |
| Frequency Range(MHz) 频率范围 | 2405MHz-2480MHz    |
| Band Width(MHz) 频带宽度      | 5Hz                |
| Impedance(Ω) 输入阻抗         | 40                 |
| VSWR 电压驻波比                | 1.3                |
| Return Loss (dB) 回波损耗     | 20                 |
| Peak Gain(dBi) 峰值增益       | 0                  |
| Polarization 极化方式         | linearly polarized |
| Operating Temp (℃) 工作温度   | —20℃ ~65℃          |
| Storage Temp (℃) 储藏温度     | —30℃ ~75℃          |
