- After successfully removing the Life Box Tag from Find My app, press the Life Box Tag's function button four times rapidly and then hold it a fifth time until you hear a ringing chime.
- The Life Box Tag is now reset and ready to be paired to a new Apple ID.

7.Unwanted tracking:

If any Find My network accessory separated from its owner is seen moving with you over time, you'll be notified in one of two ways:
（1）　If you have an iPhone, iPad, Find My will send a notification to your Apple device.This feature is available on iOS or iPadOS 14.5 or later.

（2）　If you don't have an iOS device or a smartphone, a Find My network accessory that isn't with its owner for a period of time will emit a sound when it's moved.

These features were created specifically to discourage people from trying to track you without your knowledge.

8. Battery Replacement and Statement:

(1)　Open the battery cover along the groove.

(2) Remove the battery.

(3) Place a CR2032 battery into the device with the positive side (+) facing forward.
