## MULTI-FUNCTIONAL WIRELESS CHARGING & CLEANING STORAGE CABLE BOX

## PRODUCT OVERVIEW

1. Storage box
2. Magnetic wireless charging
3. Small lanyard
4. Adjustable phone holder
5. C to USB port
6. SIM card pin
7. C to Micro port
8. 0.5m long C to C data cable
9. C to Lightning port
10. Small soft brush
11. Earphone brush
12. Cleaning pen
13. Earphone box cleaning head
14. Small elbow brush
15. Charging port cleaning stick
16. Charging port cleaning brush
17. Unbreakable plane mirror
18. Others (TF/SD/SIM card slot)

## SPECIFICATION

Model: CK03  
Material: ABS  
Product size: 84\*69\*28mm  
Product weight: 100g  
Color: Black,White

## MULTI-FUNCTIONS

1. With Wireless charging available
2. With Adjustable phone holder
3. With Unbreakable mirror
4. With Multiple data cable adapters to easily cope with various scenarios
5. With Cleaning Kit

CE RoHS

Responsibly  
Made in China

#### FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

--Reorient or relocate the receiving antenna.

--Increase the separation between the equipment and receiver.

--Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

--Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This device must operate with a minimum distance of 20 cm between the radiator and user body.
