Setup and Bluetooth Pairing

① Turn on Bluetooth in your device settings
Press the ON/OFF Button until the status light flashes Red blue light.

② Select" L1 "in the Devices list, then clickConnect.
Status light slowly flashing Red blue light when Bluetooth paired.

Music and call control

Press once to turn up the volume
Press and hold to next song

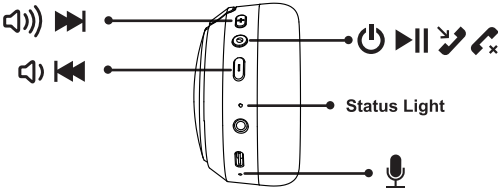

Press to power ON or OFF
Press once to play, pause music
Press once to answer, end a phone call
Press and hold to reject a phone call
Double click the MFB button to redial
Press MFB 3 times to activate the voice assistant

Press once to turn down the volume
Press and hold to previous song

How to clear the matching records:

In the power-on state (not allowed in the call state), press the "Volume +" and "Volume-" for 5 seconds at the same time to clear the matching records.

Please read this manual carefully before use.

Connection with two devices simultaneously

A.Turn on the headphones and enter pairing status. Turn on the Bluetooth of the first device, search "L1" and click to connect.
B. After the connection is successful, turn off the Bluetooth on the first device, the L1 will re-enter pairing status. Turn on the Bluetooth on the second device, search "L1" and click to connect.
C. Turn on the Bluetooth on the first device, click "L1" and connect the Bluetooth headphones.
Note:
Audio can only be played from one device at a time. If you want to play music from the second device, you need to turn off the music on the first device. The same is true when you call.

Notes:

1. Please charge the L1 at least once every 2 months when not in use.

2. It is recommended that you not use the product while charging it, as this may affect the battery life of the product.

3. Charging in the power-on state will overlap with the Bluetooth function status light. This is normal operating behavior.

4. To prevent possible hearing damage, do not listen at high volume levels for long periods. For your own safety, please be aware of your surroundings when using these headphones.

Warranty

If there is any issue with your order, please contact below email to ask for warranty, and you don't have to return the defective one to amazon.
Email: help@pointcinco.com
PS:
We provide warranty even though amazon return window was closed.

FCC Statement This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. .Increase the separation between the equipment and receiver. .Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. .Consult the dealer or an experienced radio/TV technician for help. Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment. RF Exposure Information The device was evaluated to meet general RF exposure requirements. This equipment should be installed and used with a minimum distance of 0 mm between the radiator and your body.	ISED Statement English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device. The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B). French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada.
