**Type-C Input:** DC 5V/3A, 9V/2.22A, 12V/1.67A  
 For best results, use a PD/QC power adapter with a minimum output of 20W.  
**Type-C Output:** DC 5V/3A, 9V/2.25A, 12V/1.5A  
**Wireless Output:** 15W Max.  
**Transmission distance:** ≤6mm  
**LED indicator (Charging power bank):** Charging: flashing, full charge: 4 white LEDs  
**LED indicator (Charging mobile device):** Charging: 1 green LED and 1-4 charge status LEDs

**WARRANTY**  
 At MEGIX we are dedicated to making the best quality products we can. To back this up, this product is warranted for 1 full year from date of purchase. This warranty does not affect any statutory rights that you may be entitled to. Keep a copy of your purchase receipt as proof of purchase. Failure to provide proof of purchase may void the warranty.

**WARNING**  
 Please read these safety warnings and cautions carefully to ensure your personal safety and prevent property damage

**FIRE AN ELECTRIC SHOCK HAZARD**  
 • Do not expose the product to liquid, moisture, humidity or rain. Do not use the product near a bathtub, sauna, sink, pool or steam room. Exposure to moisture may result in electric shock.  
 • Do not drop, disassemble, open, crush, bend, deform, puncture, shred, microwave, incinerate, paint or insert foreign objects into the product. Such actions could result in electric shock.  
 • Clean the product only with a dry cloth.  
 • Do not expose the product to extremely high or low temperatures (-10 to +70°C)  
 • Do not expose your product to sources of excessive heat such as sunlight, fire or similar. Do not place your product near an open fire, such as gas burners, candles or fireplaces, and avoid contact with direct solar radiation. Do not place any candles or other flames near the product. Make sure that the product is exposed to sufficient ventilation.  
 • Always unplug the charger before cleaning the product. Set up the device in such a way that the main plug is always easy accessible and you can unplug it quickly in the event of an emergency.

**AUTOMOBILE ACCIDENT HAZARD**  
 Do not leave or store the product or any of its accessories near or over your automobile's airbag because serious injury may result when an airbag deploys.

**CAUTION**  
 • Do not use abrasive cleaners to clean your product because this could cause scratches and damage.  
 • Do not bring your product into contact with any sharp objects because this could cause scratches and damage.

• Do not insert anything into your product unless otherwise specified in the user instructions. This may damage the internal components.  
 • Do not attempt to repair, modify or disassemble the product yourself; it does not contain any user serviceable components.  
 • Observe all signs and warnings requiring electrical devices or RF radio products to be switched off in designated areas.  
 • Do not use the product inside an aircraft unless allowed by your airline.  
 • Dispose of the product in accordance with your local regulations. Do not dispose of the product with regular household waste.

 The crossed-out wheelie bin symbol means that the product must be disposed of separately in the European union. These products must not be disposed of with unsorted household waste.

 We MEGIX declare under our sole responsibility, that the product PW04 conforms with the provisions according to directive 2014/53/EU

The full text of the EU declaration of conformity is available at the following Internet address [itslaut.com/compliance](http://itslaut.com/compliance)

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Information to the User (part 15.105b)**  
 Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
 Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

Made in china. Specifications subject to change without notice.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
