

EARMATE 1 开放式无线耳机/Open Ear True Wireless Earphone

喇叭大小: 16.2mm

阻抗: 18Ω

灵敏度: 125±3dB

传输距离: 有效距离10米

总重量: 92g

频率范围: 20-20000Hz

耳机电池容量: 60mAh

充电盒电池容量: 600mAh

充电时间: 约2小时

待机时间: 约300小时

使用时间: 持续播放音乐约9小时(50%音量)

FCC 警告语: 本设备符合FCC规则第15部分。

操作必须符合以下两个条件:

(1)本设备不得造成有害干扰,

(2)本设备必须接受接收到的任何干扰, 包括可能导致不希望操作的干扰。

Speaker size: 16.2mm

Impedance: 18Ω

Sensitivity: 125±3dB

Transmission range: Effective distance 10 meters

Gross weight: 92g

Frequency range: 20-20000Hz

Battery capacity of earphone: 60mAh

Battery capacity of charging box: 600mAh

Charging time: about 2 hours

Standby time: about 300 hours

Usage time: Keep playing music for about 9 hours (50% volume)

FCC Warning: This device complies with Part 15 of the FCC Rules.

Operation must meet the following two conditions :

(1) The equipment must not cause harmful interference,

(2) the equipment must accept any interference received, including interference that may cause undesired operation.

Case Weight: 70g

Driver diameter: 16.2mm

Distance: ≥ 10M

Sensitivity: 125±3dB

Support system: Android/Apple

Frequency response range: 20-20KHz

Audio decoding: support AAC/SBC

Charging box battery capacity: 600mAh

Playing time: Continuously play music for 9H(50% volume)

Earphone battery capacity: 60mAh

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
