

## UNPACK CONTENTS

Remove the smartwatch and charging cable from its packaging.

Before initiating the setup process, ensure that your smartwatch is fully charged.

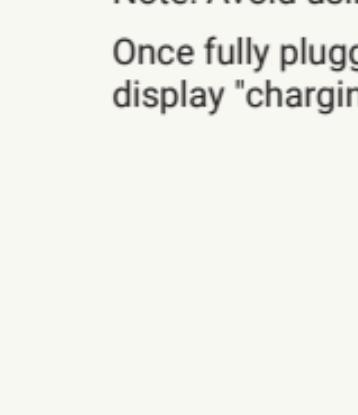

The magnetic charging cable will effortlessly latch into place.

Once fully plugged in, the smartwatch screen will display "charging."

**Note:** Charging may take up to 2 hours.

## FULLY CHARGE THE SMARTWATCH

Before initiating the setup process, ensure that your smartwatch is fully charged.

Note: Charging may take up to 2 hours.

## CHARGING THE SMARTWATCH

Align the gold pins on the charging cable with the gold contacts on the back of the smartwatch; they will magnetically connect. If you encounter resistance, flip the cable around.

The magnetic charging cable will effortlessly latch into place.

Once fully plugged in, the smartwatch screen will display "charging."

**Note:** Activate Bluetooth on your phone, and only pair your watch using the mobile app.

## PAIRING YOUR SMARTWATCH

CHARGING THE SMARTWATCH (CONT.)

Plug the charging cable into a UL-certified wall charger or a computer USB port.

Scan the QR code using your smartphone camera to access and download our free **ANNE KLEIN CONNECT IT** mobile app to set up your smartwatch.

**Note:** Avoid using fast chargers.

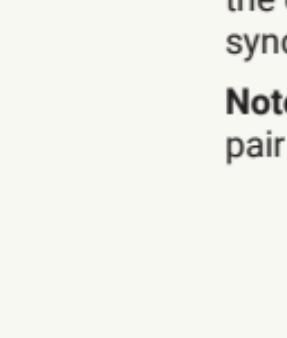

**Note:** Activate Bluetooth on your phone, and only pair your watch using the mobile app.

## FCC REGULATORY COMPLIANCE

**Caution:** The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee

## FCC REGULATORY COMPLIANCE

that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## FCC REGULATORY COMPLIANCE

This equipment complies with the FCC's RF radiation exposure limits for an uncontrolled environment. The end user must follow the specific operating instructions to satisfy RF exposure compliance. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

### FCC ID:

2BFD4101PSM

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference,

and (2) this device must accept any interference

received, including interference that may cause

undesired operation.
