| <p>EUT View 3</p> |  A photograph showing the bottom of a black computer mouse. The mouse is positioned vertically on a light blue textured surface. A black ruler with white markings is placed horizontally below the mouse, showing measurements in millimeters and centimeters. The mouse's internal components, including a battery compartment and a small red and green LED indicator, are visible through the transparent bottom plate. |
| <p>EUT View 4</p> |  A photograph showing the side profile of a black computer mouse. The mouse is positioned horizontally on a light blue textured surface. A black ruler with white markings is placed horizontally below the mouse, showing measurements in millimeters and centimeters. The mouse has a sleek, ergonomic design with a scroll wheel and two main buttons.                                                                  |

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

| <p>EUT View 5</p> |  A top-down photograph of a black, ergonomic computer mouse. The mouse is positioned centrally above a black ruler with white markings. The ruler shows measurements in centimeters, with the 100 cm mark visible. The mouse has a smooth, matte finish and a small cord is visible at the top. The background is a light blue textured surface.                            |
| <p>EUT View 6</p> |  A side profile photograph of the same black computer mouse. The mouse is shown from its left side, highlighting its ergonomic shape. A red "Sprite" logo is visible on the lower right side of the mouse. It is placed on a light blue textured surface with a black ruler below it for scale. The ruler shows measurements in centimeters, with the 100 cm mark visible. |
