ATTN.: Reviewing Engineer

FCC ID: 2BFEX-N5  
Models: N5, N5pro

We hereby request Family Certification for the above-mentioned Models all the models are electrical identical including the same software parameter and hardware design (i.e., circuit design, PCB Layout, RF module/circuit, antenna type(s) and antenna location, components on PCB, etc.,), same mechanical structure and design(including product enclosure, materials, etc.,). Because we want customers to be able to choose different configurations according to their own needs, the N5pro has more functions, including water tank and carpet detection functions, and an additional sensor at the bottom.
