# 1 About this manual

This document applies to the BT-Dongle indicated on the title page.

Product names may occur in the document, which are added for identification purposes only and belong to the respective owner of the rights.

## 1.1 Warnings

### **DANGER**

**Imminent hazard resulting in death or serious injuries**

### **WARNING**

**Hazardous situation resulting in potential death or serious injuries**

### **CAUTION**

**Hazardous situation resulting in minor injuries**

### **NOTICE**

**Hazardous situation resulting in damage to property or the environment**

## 1.2 Target groups

This instruction manual is aimed at the operator of the device, at technically qualified specialists, and trained personnel.

## 2 Safety

### 2.1 Intended use

The device is a Bluetooth dongle. This allows data to be transferred between INFICON devices.

- Only use the appliance as intended, as described in the operating instructions, in order to avoid hazards due to misuse.
- Comply with application limits, see "Technical Data".

#### **Incorrect usage**

Avoid the following unintended uses:

- Use outside the technical specifications, see "Technical Specifications"
- Use of the device in case of recognizable defects
- Use in radioactive areas
- Storage and use of the device in hot environments (surfaces, sunlight....)
- Use of accessories or spare parts, which are not included in this instruction manual
- Use in residential areas, business/commercial areas, small businesses
- Using the device in potentially explosive atmospheres
- Operation at too high ambient temperature
- Connection of dangerous electrical voltages to the device interfaces
- Use via Bluetooth with unauthorised devices or non-original INFICON Bluetooth devices.
- Use of the device in the vicinity of dangerous electrical voltages
- Use via SUB-D with unauthorised devices or non-original INFICON devices.
- Use on a PC
- Use with SUB-D extension cables
- Incorrect attachment of the device to an INFICON device
- Using the device in places with strong electromagnetic fields from third-party devices could affect the Bluetooth connection

## 2.2 Duties of the operator

- Read, observe, and follow the information in this instruction manual and in the work instructions provided by the owner. This concerns in particular the safety and warning instructions.
- Always observe the complete operating instructions for all work.
- If you have any questions about operation or maintenance that are not answered in this operating instructions, contact INFICON service.

## 2.3 Owner Requirements

The following notes are for companies or any person who is responsible for the safety and effective use of the product by the user, employees or third parties.

### **Safety-conscious operation**

- Operate the device only if it is in perfect technical condition and has no damage.
- Only operate the device properly in accordance with this instruction manual, in a safety and risk conscious manner.
- Adhere to the following regulations and observe their compliance:
  - Intended use
  - Universally valid safety and accident prevention regulations
  - International, national and local standards and guidelines
  - Additional device-related provisions and regulations
- Only use original parts or parts approved by the manufacturer.
- Keep this instruction manual available on site.

### **Personnel qualifications**

- Only instructed personnel should be permitted to work with and on the device. The instructed personnel must have received training on the device.
- Make sure that authorized personnel have read and understood the instruction manual and all other applicable documents.

## 2.4 Dangers

The measuring instrument was built according to the state-of-the-art and the recognized safety regulations. Nevertheless, improper use may result in risk to life and limb on the part of the user or third parties, or damage to the unit or other property may occur.

### 3 Scope of delivery, transport, storage

#### Lieferumfang

BT-Dongle	Anzahl
BT-Dongle	1
Digitale Gebrauchsanleitung, als PDF zu laden von <a href="http://www.inficon.com">www.inficon.com</a>	1

- Prüfen Sie den Lieferumfang nach Erhalt des Produktes auf Vollständigkeit.

#### Transport

##### NOTICE

##### Beschädigung durch Transport

Das Gerät kann beim Transport in einer ungeeigneten Verpackung beschädigt werden.

- Bewahren Sie die Originalverpackung auf.
- Transportieren Sie das Gerät nur in der Originalverpackung.

#### Lagerung

Lagern Sie das Gerät unter Beachtung der technischen Daten, siehe "Technical data".

## 4 Description

### **DANGER**

#### **Danger due to electric shock**

Injury due to electric shock

- ▶ Only use the device on devices approved by INFICON.
- ▶ Only use undamaged devices or adapter cables approved by INFICON.
- ▶ Do not use the device near electrical voltages
- ▶ Attach the device to the intended interface of the INFICON device using the fastening screws.

### **CAUTION**

#### **Injury due to falling**

Damage to the device due to falling

- ▶ Only place the device on a level, non-slip and vibration-free surface.

### **CAUTION**

#### **Danger from strong magnetic fields**

Injury due to malfunction of the device.

- ▶ Never use the device in locations with strong magnetic fields

### **NOTICE**

#### **Material damage due to ESD discharge**

Damage caused by working in areas with a high risk of ESD discharge

- ▶ Observe the ESD protective measures.

### **NOTICE**

#### **Do not use the device in living areas**

### **NOTICE**

#### **Damage to property due to interference emission in the medium frequency range**

**Cable length maximum 3 meters**

## 4.1 Function

The device can be used to transfer data wirelessly between INFICON devices.

Wireless data transmission makes it possible to extend the radius of action considerably.

Data transmission achieves a range of up to 100 meters in the open air and up to 50 meters indoors.

## 4.2 Design of device

1	Mounting screws
2	SUB-D interface
3	Mounting screws

## 4.3 Technical Data

### 4.3.1 Mechanical data

	<b>551-060</b>
Dimensions (W x H x D)	50 x 100 x 20 mm
Weight	approx. 100 gr

### 4.3.2 Ambient conditions

	<b>551-060</b>
Permissible ambient temperature (during operation)	10 °C to 40 °C
Permissible storage temperature	-10 °C to 60 °C
Minimum humidity (in operation)	> 30% without special requirements
Minimum humidity (in operation)	< 30% without special requirements*
Max. relative humidity up to 31°C	80 %
Max. relative humidity from 31°C to 40°C	Decreasing on linear basis from 80% to 50%
Max. relative humidity above 40°C	50 %
Relative humidity during storage and transport	Minimum 10% Maximum 90%
Pollution degree	2
Max. altitude above sea level	2000 m
Degree of cleanliness of the operating environment (clean room or clean room class)	ISO CLASS 6
Indoor oder Outdoor using	Only in a dry environment and non-condensing moisture

\* Use of the BT-Dongle only after consultation with INFICON GmbH.

### 4.3.3 Electrical data

#### Electrical data

	551-060
Name	BT-Dongle
Current	60mA
Voltage	5- 24 V DC $\pm 10\%$
Electronic interfaces	RS232, Bluetooth
Radio Technology	Bluetooth
Frequency Range	2400 - 2483.5 Mhz
RF Output Power (dBm)	8dBm (<20dBm)

## 5 Installation

### 5.1 IFCBT-Dongle

Attach the BT-Dongle to the appropriate interface or adapter on the INFICON device. Tighten the fixing screws properly.

Please refer to the operating instructions for the INFICON device or contact INFICON Service to find out which adapter you need.

1	Service button	4	Mounting screws
2	Green LED	5	SUB-D interface
3	Orange LED	6	Mounting screw

**The service buttons may only be used by INFICON employees or trained personnel.**

## 6 Operation

1	Green LED
2	Orange LED

The green and orange LEDs light up continuously when a Bluetooth connection is established.

The green LED flashes if there is no connection.

## 7 Cleaning

### **CAUTION**

#### **Injury due to improper handling of liquids**

Damage or explosion of the appliance due to cleaning with liquids

- Only clean the appliance with a dry or slightly damp cloth.

## 8 Certificates

### 8.1 CE-Konformitätserklärung

We – INFICON GmbH - herewith declare that the products defined below meet the basic requirements regarding safety and health and relevant provisions of the relevant EU Directives by design, type and the versions which are brought into circulation by us. This declaration of conformity is issued under the sole responsibility of INFICON GmbH.

In case of any products changes made, this declaration will be void.

Designation of the product:

Bluetooth-Dongle

Models:

IFCBT-Dongle

Catalogue number: 551-060

The products meet the requirements of the following Directives:

- Directive 2014/53/EU (RED)
- Directive 2011/65/EU (RoHS)

Applied harmonized standards:

- EN 300 328 V2.2.2
- EN 301 489-1 V2.2.3
- EN 301 489-17 V3.2.4
- EN 55032:2015
- EN 61326-1:2013
- EN ISO 61326-1:2021
- EN 55011:2021
- EN 62479:2010
- EN ISO 61010-1: 2020-03
- EN IEC 63000:2018

The notified body TUV Rheinland LGA Products GmbH, NB No.: 0197 performed an EU-type examination and issued the EU-type examination certificate: RT 60175557 0001

## 8.2 Funk-Zertifikate

### Important notice FCC:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Contains FCC ID: 2BFIX-1101102

**Important notice ISCED:**

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

This equipment complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme à l'exposition aux rayonnements Industry Canada limites établies pour un environnement non contrôlé.

Contains IC: 32279-1101102

**ARIB Declaration of conformity**

Japanese Radio Law Compliance.

This device is granted pursuant to the Japanese Radio Law.

This device should not be modified (otherwise the granted designation number will become invalid)

R 201-190950

**Important notice Malaysia:**

ID: **XXYYZZXXYY**

Important notice Hong Kong:Important notice Mexico:

La operación de este equipo está sujeta a las siguientes dos condiciones:

(1) es posible que este equipo o dispositivo no cause interferencia perjudicial y

(2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada
