

Declaration of Differences

Our company NEWENER TECHNOLOGY LIMITED is applying for FCCID certification for air purifiers, with the following models: KQZ-300, KQZ-100A, KQZ-100, KQZ-200, KQZ-200A, KQZ-300, KQZ-300A, KQZ-400, KQZ-400A, KQZ-500, KQZ-500A, KQZ-1501A, KQZ-1501.

The differences between these models are in appearance, size, color, and power. The main test model is 70W, while other models may be 50W, 80W, or 100W. But the internal circuits and structural design of these products are the same, and the wireless wifi part is also the same. So the test model is KQZ-300.
