

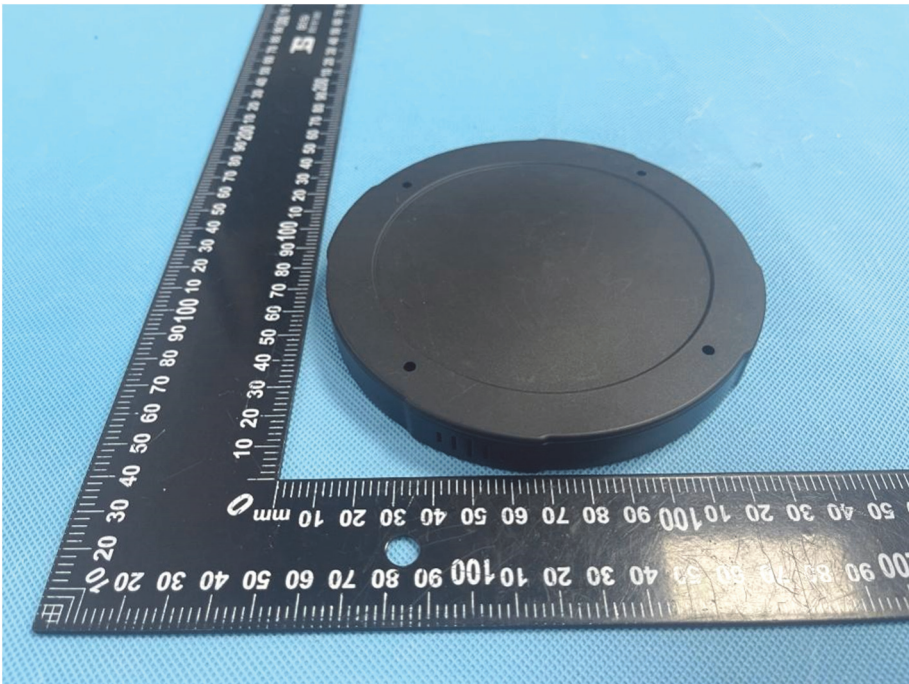

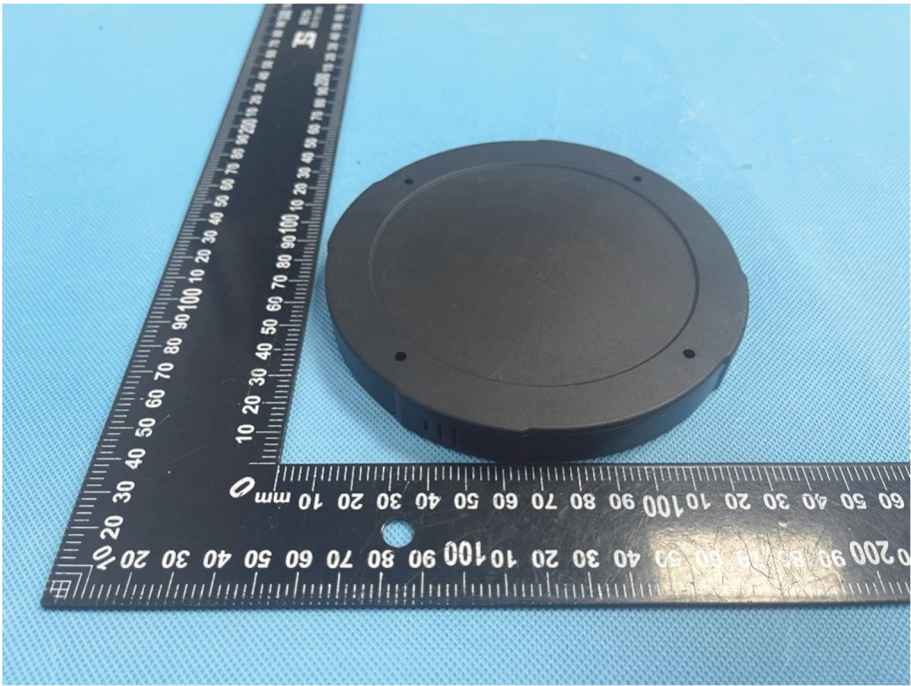

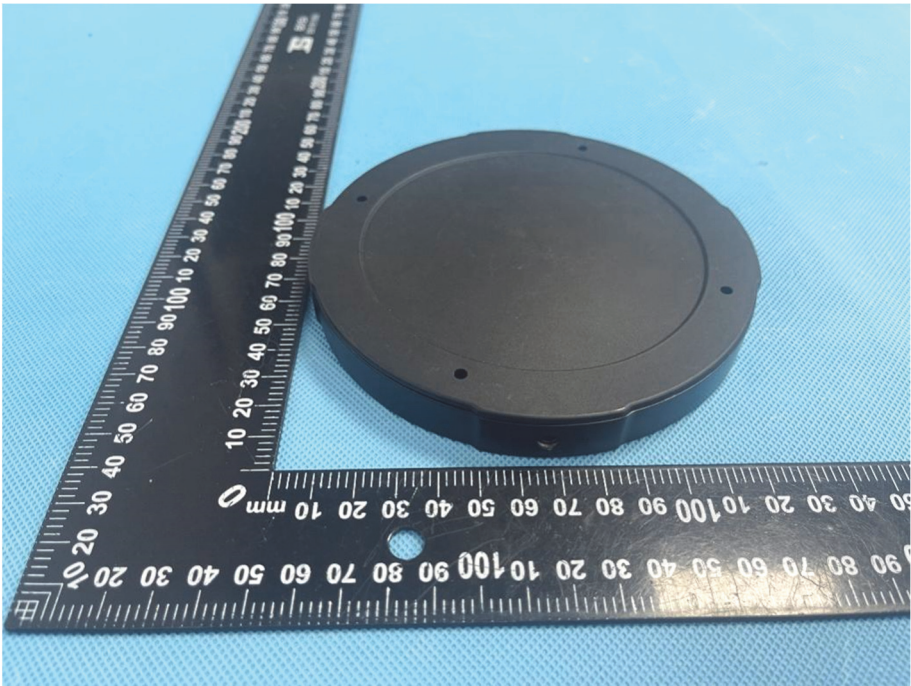

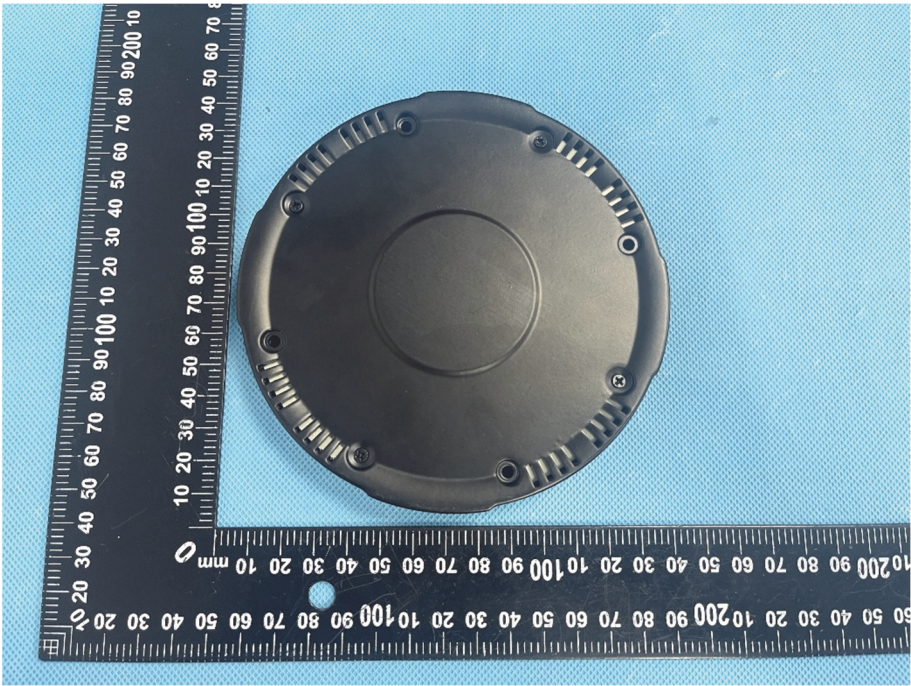

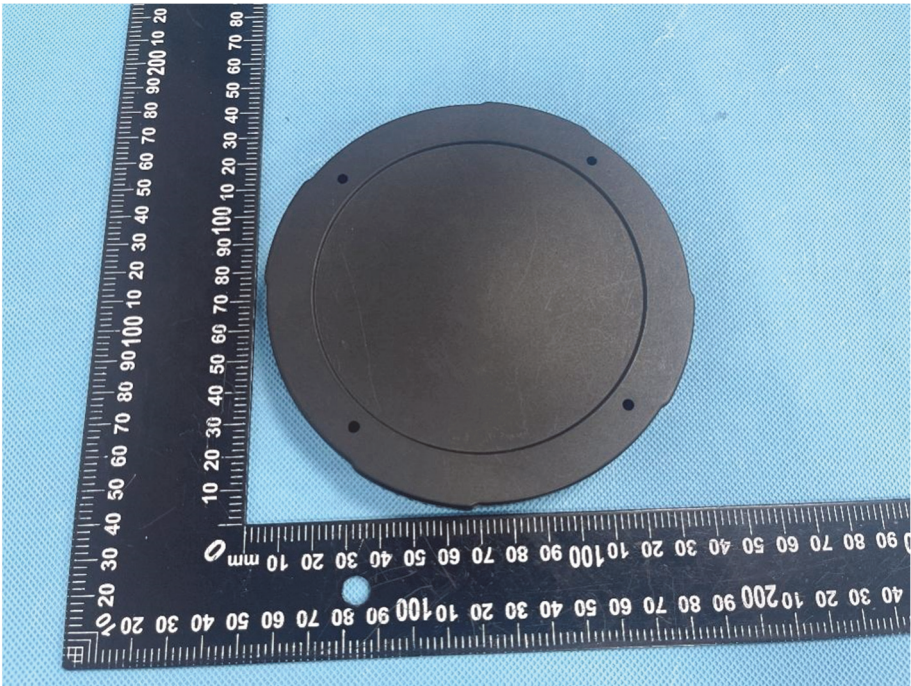

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black circular device is shown next to a black L-shaped ruler on a blue background. To the right of the device is a black power adapter with a two-prong plug and a coiled black cable. The ruler has markings in centimeters and millimeters.
EUT View 2	 A close-up view of the black circular device next to a black L-shaped ruler on a blue background. The ruler has markings in centimeters and millimeters.

EUT View 3	 A black circular component, likely a lens or filter, is shown next to a ruler. The component has a central circular hole and four small holes arranged in a square pattern around the perimeter. The ruler is marked in millimeters and centimeters, providing a scale for the component's size.
EUT View 4	 A black circular component, likely a lens or filter, is shown next to a ruler. The component has a central circular hole and four small holes arranged in a square pattern around the perimeter. The ruler is marked in millimeters and centimeters, providing a scale for the component's size.

EUT View 5	 A photograph of a circular black electronic component, likely a cover or base, with a serrated outer edge and six screws. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters.
EUT View 6	 A photograph of a circular black electronic component, likely a cover or base, with a smooth outer edge and four screws. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters.
