- 1) Store product in a cool and dry place.
- 2) Do not store the product in hot or humid environments.
- 3) Use of a power supply or charger not recommended or solely by the product manufacturer may result in a risk of fire or injury to persons.
- 4) Operating temperature should be between 32°F to 113°F / 0°C to 45°C.
- 5) Do not disassemble the product. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
- 6) If the product is not used for long periods of time, you should charge and discharge once every three months.
- 7) When charging a device, the product may feel warm, this is normal operating condition and should not be cause for concern.
- 8) In normal conditions, the battery performance will decline over several years.
- 9) Do not dispose of the product in heat or fire.
- 10) Do not clean the product with harmful chemicals or detergents.
- 11) Misuse, dropping, or excessive force may cause product damage.
- 12) When disposing of secondary cells or batteries, keep cells or batteries of different electrochemical systems separate from each other.
