Please use a clean and dry soft cloth to wipe this product or its accessories. 10 In case of thunder and lightning or not used for a long time, please turn off the power and unplug the power cord of the product. 11 If the product is not used for a long time, please re-enter and exit the headphones regularly and use the charging cable to charge them to extend the battery life. 12 This product is strictly forbidden to use. Please keep it out of the reach of children. Beware of</p>	<p>Package contents</p> <p>Ear clip headphones*2 Charging line*1 Charging compartment*1 GT15 Instructions*1</p>	<p>Product overview</p> <p>Earphone C-shaped arc ear bridge Ear clip headphones Charging contact Out of the hole Touch area Mike LED light strip</p>	<p>Charging compartment</p> <p>lights Type-C charging hole</p>																																																																																						
<p>Instructions for use</p> <p>Wearing headphones</p> <p>1 Take the headphones out of the charging.</p>  <p>2 Judge the wearing direction of the headphones (small in the front, large in the back), and take the opportunity to clamp the headphones in the Chinese position of the auricle.</p>  <p>3 Appropriately adjust the headphones and ear bridge wear, so that the sound hole is directly facing the ear canal to ensure comfortable and clear listening.</p>  <p>There is obvious pain in the ear when wearing it. It is recommended to slightly expand the angle of the ear bridge to make it more comfortable to wear.</p>	<p>Connect the mobile phone to use Bluetooth</p> <p>Mobile phone "In mobile phone blue, set up the page to search for Bluetooth name-GT15", click to connect and pair.</p>  <p>* Volume synchronization function In order to get a better listening experience, if the device supports the volume synchronization function (such as volume synchronization), it is recommended to turn on the volume synchronization function. Hibernation System Setting Icons: Settings Bluetooth and Headphone Setting Icons: Bluetooth Device Volume Synchronization with Mobile Phone.</p> <p>Double-click- Call Answer/Hang Up Music: Play/Pause Long press 2 Hibernation: Wake up the headset Call: Rejected Music Zhengyi Song (D/TE sub-song) (R) Three hits.. Switch game mode/music mode</p>	<p>Connect to the mobile phone APP to use</p> <p>Open the mobile phone's blue calendar, search for "Black Intelligence" in major application markets or scan it for a two-dimensional code, do not load and install the APP.</p> <p>①First of all, complete the pairing of headphones and APP connections. ②Experience more AI and personalized functions.</p>	<p>Re-pair and reset</p> <p>After touching the headphones five times in a row, the headphones push the red light orange and flash five times, that is, the reset is successful.</p>  <p>Five strikes....</p> <p>Note: You can try to use the re-pairing and reset functions when there is silent, unable to connect and unable to search for devices.</p>	<p>About charging</p> <p>1 Use charging to charge the headphones Put the headphones in the charging compartment, close the compartment lid, and start charging.</p>  <p>When the battery is greater than 10%, the lamp paper is white. When the battery is less than 10%, the light bar will touch the color.</p> <p>Note: During the use of the headphones, when you hear a low-power prompt, it means that the remaining battery of the headphones is 20% or even lower. Please enter the warehouse to charge as soon as possible.</p> <p>Yandianzhong C fully charged</p> <p>2 Use the Type-C charging cable to charge the charging compartment - Charging: the LED light strip is orange - Fully charged: LED light strip is self-colored</p>	<p>Product specifications</p> <table border="1"> <tr> <td>Product specifications</td> <td>GT15</td> </tr> <tr> <td>Product specifications</td> <td>GT15</td> </tr> <tr> <td>Connection method</td> <td>Bluetooth 5.4</td> </tr> <tr> <td>Communication distance</td> <td>≤15M</td> </tr> <tr> <td>Music endurance</td> <td>~8h</td> </tr> <tr> <td>Total battery life</td> <td>32h</td> </tr> <tr> <td>The number of battery life in the charging compartment</td> <td>-3次</td> </tr> <tr> <td>The time required for the headphones to be fully charged</td> <td><1h</td> </tr> <tr> <td>The time required for the headphones to be fully charged from the charging compartment to the earphone</td> <td><1.5h</td> </tr> <tr> <td>Protection level</td> <td>IPX4</td> </tr> </table> <p>*Execution standard: GB4943.1-2022</p>	Product specifications	GT15	Product specifications	GT15	Connection method	Bluetooth 5.4	Communication distance	≤15M	Music endurance	~8h	Total battery life	32h	The number of battery life in the charging compartment	-3次	The time required for the headphones to be fully charged	<1h	The time required for the headphones to be fully charged from the charging compartment to the earphone	<1.5h	Protection level	IPX4

If so, please wipe it clean with a cloth or cotton swab dipped in a small amount of water and dry thoroughly before trying again.</p>	<p>FCC Caution:</p> <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.</p> <p>This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. <p>The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p>
